CLUB BUSINESS AND ANNOUNCEMENTS: President Shari Clifford

Alan Player pitched an event that Apple Valley is having on October 24. He provided a handout to those at the meeting.

Margie noted that the Halloween Parade at Boutwells is coming along fine. It is on October 28 and it is our 14th annual. A signup sheet was passed on, it is one of those events where everyone in the club participates. There will be 25 Stillwater HS band members all dressed in costume to cheer them on.

We had the pleasure of having as our guests, members of the EMC unit from Lakeview Hospital, **Nick Barratt, Bridget Murphy, Matt Milder , John Rheinberger and Michael Schaffer.** Margie, representing the District Rotary plus our club presented them with a check buying new portable venation emergency equipment. The total given so far from our club and District is $8,495.

Nick, (2nd from left) thanked us and explained a little about the Unit. They average around 17-18 calls, they have 3 ambulances and cover the valley plus North St. Paul. The ventilators are very important to them since before our help they only had one at the Hospital they had to pick up before they went on their calls.

SERGEANTS AT ARMS: Jennifer and Mark

It was the day for the name game, since our guest is Tom McCarty, anyone with a T or M in their name had to donate.

Lynda donated $4 in honor of her and her hubby's 40 years of marriage.

Craig is on his way to Costa Rica with Judy Freund to visit a one room school with one teacher and 5 students. . Heritage Embroidery donated shirts etc.. for their trip. Shop there as way of thank you.

Don't forget the Rotary Foundation Dinner on Nov. 7.

John H. birthday is soon 28 years.

Rich Cummins got his limit of pheasants in 20 min.

Nancy Lynn was selling raffle tickets to the AutumnFest in Support of EVOLVE Adoption & Family Services on Thursday, October 22, 6-9 PM Como Park Bullard Rainforest Auditorium Tickets Available at www.EvolveServices.org/AutumnFest

Andy just had to tell us all that Margie was having a milestone birthday of which she did not want to disclose. She only said "that big mouth over there had to spill the beans".

NEXT WEEK'S PROGRAM:

Ted Nesse announced the next week that Win Miller and Peter Oesterreich, Silver Sobriety Organization will be here. They have formed this program to help those over 50 who have a substance abuse problem.

MEET YOUR FELLOW ROTARIANS

Susannah introduced Ken McGinley differently, finding out his favorite spot is Yellowstone National Park, and he volunteers for his local Hockey Association.

PROGRAM:

Tom McCarty, our Stillwater City Administrator, has a Wisconsin background having worked before in Eau Claire according to Ken McGinley.
He has been most active in county government. He grew up in St. Croix County. He has been here for 7 months and lives near Hwy's 36 and 5.
As the new administrator and as a council there are three items that they would like to focus on: Capital improvements (for example streets that are not State Aid, side streets), Economic Development (example downtown, hwy. 36) and Strategic Planning. The latter is required by the Met Council every 10 years. Some issues related are what to do with Bridgeview Park where the old Shoddy Mill is located.
Tom would like to institute a performance management system in the city where things are measured by performance and compared for example with neighboring Communities.

Joke of the Week

As we progress into 2015, I want to thank you for your educational emails over the past year. I am totally screwed up now and have little chance of recovery.

I can no longer open a bathroom door without using a paper towel, nor let the waitress put lemon slices in my ice water without worrying about the bacteria on the lemon peel.

I can't sit down on a hotel bedspread because I can only imagine what has happened on it since it was last washed.

Eating a little snack sends me on a guilt trip because I can only imagine how many gallons of trans fats I have consumed over the years.

I can't touch any woman's handbag for fear she has placed it on the floor of a public toilet.

I must send my special thanks for the email about rat poo in the glue on envelopes because I now have to use a wet sponge with every envelope that needs sealing.

ALSO,now I have to scrub the top of every can I open for the same reason.

I can't use cancer-causing deodorants even though I smell like a water buffalo on a hot day.

Thanks to you I have learned that my prayers only get answered if I forward an e-mail to seven of my friends and make a wish within five minutes.

Because of your concern, I no longer drink Coca Cola because it can remove toilet stains.

I no longer buy fuel without taking someone along to watch the car, so a serial killer doesn't crawl in my back seat when I'm filling up.

I no longer use Cling Wrap in the microwave because it causes seven different types of cancer.

And thanks for letting me know I can't boil a cup of water in the microwave anymore because it will blow up in my face, disfiguring me for life.

I no longer go to the cinema because I could be pricked with a needle infected with AIDS when I sit down.

I no longer go to shopping centers because someone will drug me with a perfume sample and rob me..

And **I no longer answer the phone because** someone will ask me to dial a number for which I will get a huge phone bill with calls to Jamaica, Uganda, Singapore and Uzbekistan.

And thanks to your great advice I can't ever pick up a dime coin dropped in the car park because it was probably placed there by a sex molester waiting to grab me as I bend over.

I can't do any gardening because I'm afraid I'll get bitten by the Violin Spider and my hand will fall off.

If you don't send this e-mail to at least 144,000 people in the next 70 minutes, a large dove with diarrhea will land on your head at 5:00 p.m. tomorrow afternoon, and the fleas from 120 camels will infest your back, causing you to grow a hairy hump. I know this will occur because it actually happened to a friend of my next door neighbor's ex mother-in-law's second husband's cousin's best friend's beautician!

Oh, and by the way...

A German scientist from Argentina, after a lengthy study, has discovered that people with insufficient brain activity read their e-mails with their hand on the mouse.

Don't bother taking it off now, it's too late.

P. S. I now keep my toothbrush in the living room, because I was told by e-mail that water splashes over 6 ft. out of the toilet..

NOW YOU HAVE YOURSELF A VERY GOOD DAY.

Editor: Chuck Buehler

President K.R. Ravindran, Rotary International

Governor Marlene Gargulak - District 5960

2014-2015 STILLWATER SUNRISE ROTARY CLUB BOARD
