# THE HUB

The Rotary Club of Park Cities

Volume 70, Number 3 www.parkcitiesrotary.org July 27, 2018

*Serving to Make a Difference Since 1948*

## TODAY'S PROGRAM

*Program Chair of the Day:* Daniel Jacob

## Chuck Cooperstein

### The Voice of the Dallas Mavericks

Chuck Cooperstein is in his 14th season as the radio play-by-play voice of the Dallas Mavericks on 103.3 FM ESPN. Cooperstein has been a regular on the Dallas/Fort Worth sports scene since 1984, broadcasting at KRLD, WBAP and The Ticket before joining 103.3 FM ESPN at the station's inception in 2001. During the off-season, Cooperstein hosts an evening sports talk show; he is also the host of the new Big 12 Conference weekly podcast.

Prior to joining the Mavericks, his extensive sports broadcasting background included play-by-play stints with TCU and the University of Texas football, as well as TCU, Texas A&M and SMU basketball. He also has broadcast college basketball, college football and NFL games nationally on Westwood One. Cooperstein has received a Katie Award for his play-by-play expertise from the Dallas Press Club.

The Long Island native has a Bachelor of Science degree in broadcasting from the University of Florida. He married his wife, Karen, in 2010; she is the owner/principal of Crater Lake Consulting, a PR/marketing and philanthropy consulting firm. Together, they are both very engaged in philanthropy, serving as active supporters of the Mavs Foundation, Texas Scottish Rite Hospital for Children, and Ronald McDonald House of Dallas. They founded their own nonprofit, Coops' Kids Foundation, in 2017 and host an annual fundraiser, Talk of the Town, featuring Chuck, Eric Nadel and Brad Sham, which has raised over $450,000 in four years.

Chuck has one son, Jeffrey, who graduated in May from the University of North Texas with a degree in journalism.

## COMMITTEE TIME

### JULY 4th Parade

Grand Marshal Karl Kuby

Cong. Pete Sessions

State Rep. Morgan Meyer

The Sea Cadets' Honor Guard

Primary Donor U.S. Trust

State Sen. Don Huffines

County Judge Clay Jenkins

Collab. Partner NTX Food Bank

SMU President Gerald Turner

U.P. City Council

*Be a Vibrant and Visionary Model of Service Above and Beyond Self*

## LAST WEEK

Presiding: **Paul Pirok**
Invocation: **Paul McFarland**
Pledge: **George Burrell**
Photographer: **Ley Waggoner**
Chair of the Day: **Shawn Foster**
Speaker: **Bernard Weinstein, Maguire Energy Institute at SMU**
Program: **Why We Will Always Need Fossil Fuels**

President **Paul Pirok** called his second meeting to order on a hot July day. **Paul McFarland** gave the invocation and said that the Salvation Army had opened twenty cooling stations around the Metroplex. **George Burrell** led the Pledge of Allegiance and "The star Spangled Banner." **Jim Weichel** assisted in introducing our visitors and guests, which included a visitor who grew up in Columbia, but who lives in Dallas now and is looking for a Rotary Club to join, and a visiting Rotarian from XXXX. **Herb Ziev** introduced our Marketplace Advertisers of the Week, **Pat Martin** of the *People* newspapers.

PP **Greg Pape** reported that last year there were seventy-five members who were EREY contributors, Every Rotarian Every Year contributors to the Rotary International Foundation. He encouraged everyone to be an EREY contributor to fund the programs such as the Peace Fellowships, Community Corps, RYLA, Rotary Youth Exchange, and a variety of grants for community projects. President **Paul** awarded Blue Badges to **Pat Martin**, **Marilyn Hilberth** and **Brian Hilberth**. President **Paul** asked us to support Maggianos, who contribute meals to Ronald McDonald House and Fisher House, by eating lunch at least twice a month.

**Shawn Foster** introduced our speaker today, Bernard Weinstein, Associate Director of the Maguire Institute at SMU, who spoke on fossil fuels. He said he wanted to dispel the notion that the world is accelerating in moving away from fossil fuels. The fact is that we will always need fossil fuels. Global oil production has grown at a fairly steady rate and U.S. production is at an all time high. Texas produces about one-third of the U.S. total. The growth in production is due to the technology that can take the oil from shale. U.S. oil exports were restricted in the 1970s, but have recently been removed, so that now the U.S. exports about one-third of its production. The U.S. is also the world's greatest producer of natural gas. The sources have changed and now most is found in the northeast U.S. Natural gas must be liquified for export; most is loaded at Sabine Pass. Several new terminals are proposed for the east and west coasts. The demand for natural gas will continue to grow; it is being used to generate electricity. The use of natural gas is replacing coal. The use of renewables, hydro, wind and solar, are also growing to generate electricity. President Trump wants to repeal President Obama's Clean Power Plan which would have closed all the coal plants; however, there are no new coal plants being built. Coal use is increasing worldwide. Coal production in the U.S. decreased until 2017, but has begun to rise again due to exports. Sixty percent of all personal vehicles are not sedans, but SUVs and pick-up trucks that use more gas. Sales of electric and hybrid cars have grown, and are projected to continue to increase, but most are sold in China. The global use of fossil fuels has remained steady for the last forty years. Wind energy in Texas contributes up to 40% to the electrical grid, but it is not consistent. The global use of renewables worldwide is about 19.3%, mostly from hydro.

## THOUGHTS ON . . .

### Radio

You see, wire telegraph is a kind of a very, very long cat. You pull his tail in New York and his head is meowing in Los Angeles. Do you understand this? And radio operates exactly the same way: you send signals here, they receive them there. The only difference is that there is no cat.
**~ Albert Einstein**

TV gives everyone an image, but radio gives birth to a million images in a million brains.
**~ Peggy Noonan**

I think the primary function of radio is that people want company
**~ Elise Nordling**,

Radio provides a place for me to not be alone. I still subscribe to the idea that I listen to a DJ because I care about what he or she thinks. I don't like to just hear my own voice." **~ Celia Hirschman**

The hand that rules the press, the radio, the screen and the far-spread magazine, rules the country. **~ Learned Hand**

## FAMILY OF ROTARY

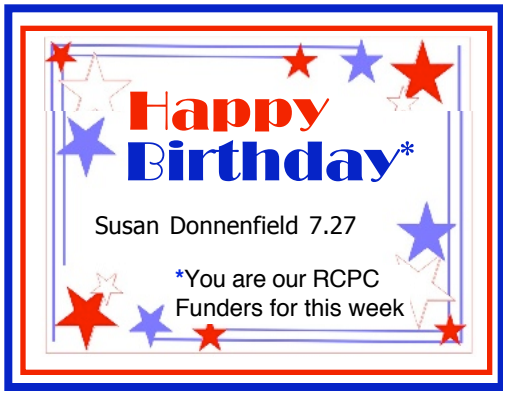
### Memorial Service

There will be a Memorial Service for **Sam** and Nancy **Miller**'s son on July 30 at 4:00 pm at Preston Hollow Presbyterian Church, 9800 Preston Rd at Walnut Hill. There will be a reception at the church following the service

### Thank You from Freddie Alexander

Dear Laurie and Rotarians,
Unfortunately, I have to type this because of my squiggly handwriting, and I'm sorry for that. And I also apologize that this note is belated, but since I am now "elderly", it seems I am slow in everything. I do want you to know how much we all appreciated the beautiful flowers you sent to Moody's service. The combination of white roses with white hydrangeas made an outstanding arrangement, and it was so thoughtful of you to send it. Thank you so much. We miss him beyond measure, but it is very comforting to know that he is now joyously with the Lord and well again.

Blessings,
Freddie

*We gratefully acknowledge*
**ASTRO-GRAPHICS**
*for the partial funding of The Hub*


**Congratulations to Duston and Julie Burns!**
Mom and baby are doing fine!
