Rotary Clubs distribute books

News-Sun photo by CHRISTOPHER TUFFLEY

A combination of Rotary Clubs, Avon Park Breakfast and Lake Placid Breakfast have donated copies of a book to the Healthy Start program at the Highlands County Department of Health. It will be distributed at no cost to parents. Available in English or Spanish the book, titled 'The Brain Game', provides new parents with a step-by-step breakdown of what to expect as a child matures, and an explanation of how a baby's brain develops through the first three years. In addition to outlining what to expect, the book offers helpful tips and ideas for engaging and enhancing a baby's life. 'The Brain Game' was created by the Rotary Club of La Crosse, Wisc. Here Wally Randall (left), of Avon Park, and Derrel Bryan, of Lake Placid, present the books to Jackie Rawlings of Healthy Start.

Please send me 20 more books.

Wally.
