**GETTING TO KNOW OUR MEMBERS:**

**There was some confusion as to which member is to be introduced each week. The tradition has been the person who has the speaker in a given week is to be introduced by the person who had the speaker the week before.**

**PROGRAM:**

**Doug Wolff introduced his daughter, Olympia who told about her friend's group forming over an interest to protect animals and birds. She then introduced the speaker, who she had found through her group, Joanna Eckles, Minnesota Audubon Society, who represented the group, "Bird Safe". Its purpose is to create bird friendly communities and transform the places where people live and work into "bird safe" areas. Design of buildings, the kind of glass used in construction, and buildings following a "lights out" policy during migration were discussed. She highlighted their work in lobbying to change the glass in the new Vikings Stadium to be sustainable and more 'bird safe'.**
