<u>SERGEANTS AT ARMS</u>: Bob Gray and Mel Sullivan

Mel attended last nights Twins game and had to leave at the 7th inning. However she got to be seen by all on the Jumbo Tran (for the uninitiated this is the big TV Screen in Center Field at Target Field). She also visited St. Croix Island in the Virgin Islands.

Steve is celebrating 20 year anniversary.

Craig had a birthday yesterday.

Rick asked whether Mel could charge her trip to her job, St. Croix Orthopedics, no account in the room would answer.

Orwin is celebrating 10yrs with his Liver implant, 48th Wedding anniversary and Friday is his birthday. Yeah.

Someone noted that our speaker has the longest term (2 yrs) in his job, Lake Elmo has had 8 admin. in last few years.

Roger's daughter just got her doctors degree.

Arba-Della thanked all for their help with their initiative on the Youth Center in Cimarron village in Lake Elmo. Also her daughter just got a job at Orwin's old firm where he was CEO, DiaSorin.

Ute Buehler won the raffle prized, a coupon for Starbucks.

<u>NEXT WEEK'S PROGRAM</u>:

No Meeting at Josephs but Dedication of Lake McKusick Fishing Pier, McKusick Rd and Admundson, Rain or Shine - Roger Ruetten

<u>GETTING TO KNOW OUR MEMBERS:</u>

There was some confusion as to which member is to be introduced each week. The tradition has been the person who has the speaker in a given week is to be introduced by the person who had the speaker the week before.

<u>PROGRAM</u>:

Dean Zugeles Lake Elmo City Administrator was introduced by Ken McGinley. Dean was appointed in his job in 2012 with a lot of help from our own Brett Emmons. Mr. Zugeles gave a strong endorsement of the Youth Center at Cimarron capital campaign and urged all to make this happen. The beneficial effect of the involvement of Family Means in Cimarron has been noticed by all including the Lake Elmo police department.

There is a lot of development happening in Lake Elmo, especially now that the disagreement with the Metropolitan Council has been settled. (At the time Lake Elmo and the city council and Mayor, wanted the city to grow slower and to remain rural while the Met. Council wanted the city to grow faster especially with a major sewer built by them to serve the area and the deteriorating septic systems) . With a new council which has business oriented members including the Mayor, they are proceeding with a well developed plan to control the growth. The key element is getting the developers to pay for all the infrastructure including utilities, roads, swear and water which turns out to be a big boon to the city including the Parks Commission.

An interesting fact is that from Lake Elmo it is easier, and faster to reach Minneapolis, it has a lot of open space, is within 3 excellent school districts and boasts some of the best regional parks in the State of Minnesota. The recent announcement of the approval of the rapid transit bus corridor from the St. Croix River to the Twin Cites, which runs along the southern edge of the city cannot but add to the attraction of the area.
