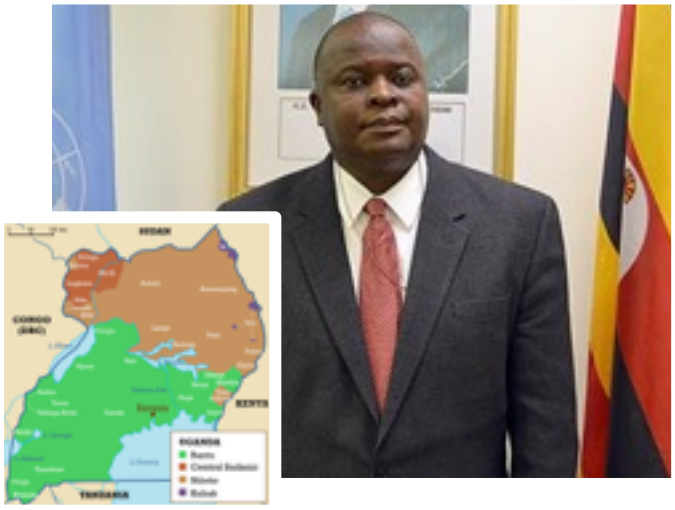
# St. Louis Park Sunrise Rotary presents the Ambassador from Uganda to the U.S.A.



## Please join us for breakfast and a program on Friday, September 30; 7:30 a.m. to 9:00 a.m. at the Bakken Museum

According to Uganda's 2006 Demographic and Health Survey, 39% of Ugandan poor women and girls aged 15-44 are victims of the violence of domestic abuse and sexual exploitation stemming from their lack of economic power and job opportunities.

In partnership with the Bwebajja Rotary Club of Uganda, the St. Louis Park Sunrise Rotary Club has embarked on a project called the Dignity Restored Initiative: Poultry Farming. This project will promote responsible and positive living while providing sustainable economic empowerment to vulnerable women and young girls currently trapped in prostitution in Ki-Mombasa, Bwaise Village, Uganda. It will restore the dignity that has been lost or stolen from them.

Ambassador Nyago will speak with us in support of the St. Louis Park Sunrise Rotary International Grant. Funds already received from the District 5950 Small International Grant will build henhouses. Funds from the Rotary International Grant will provide egg-laying chickens and the human infrastructure to teach 100 women to provide for themselves and their families through sustainable work.

**Program**:

Welcome:
Lisa Greene
Sunrise Club President

Welcome from District 5950:
Jim Nelson
Past District Governor and Rotary Foundation Fund Development Chair
