VP Mike Nella welcomed everyone to our meeting tonight.
Mike wished to thank everyone who helped or contributed to the success of the Rotaract Garage Sale held last weekend, with more than $2.5k raised so far.
It's on again next weekend so it's not too late to donate 'stuff' to be sold off.
After dinner Mike invited members to sit in committee's for about 20 minutes to discuss any relevant issues to do with their avenue of service.
Don't come along next week as it is a Public Holiday.

1. PP Michael is doing a great job while I 'am away thanks mate.

2. Glad to see the Wellard markets went well, I know we will be shorthanded for the City markets in October, but would like to see it continue as it is gaining strength, even if we use the road while the City is working in the area

3. Michael Nella is organising an inter club visit to Kalgoorlie. the three Kalgoorlie Clubs are looking at a combined meeting on Saturday 21st November 2015, this will a good opportunity for the old farts to use up some free passes on the train and share some great company, let's get behind Mike on this.

A combined meeting of the zone 4 Rotary Clubs, is currently been planned for Saturday November 15th with all five clubs holding a joint meeting at the Darius Wells centre, it will be a great night, 18 Club members and Partners have already registered to attend we are already in excess of 50 attending, get in quick.

Rotaract had their 'Monster Garage Sale' last weekend, very successful over $2.5k raised. On again this coming weekend let Mike have anything you no longer require and they will sell it on the day.

The next Wellard Village Markets will be held on Sunday 11th October 2015, suggestion that Petscapade could be held in conjunction.

Lolly Run 2015 planning well underway, waiting for road use permission, similar budget to last year. More volunteers feasibly with trailers required to service new areas.

Avenue of Service managers gave a summary of the current status of their aims and objectives.

The only item of General Business was a comment/directive from our Treasurer Bob Cooper that Board permission is to be sought for any expenditure during the year not accounted for in the club's budget estimates.
Quite significant amounts have been committed for payment without being authorised and were not pre-committed in our club budget.
There is no suggestion that any of these amounts were not necessary or justified.
Bob said "as your treasurer I need to comply with required financial procedures"

Irreverent Verses

The Other One Percent

I was cleaning house the other day
A job I hate to do
Especially the bathroom
And cleaning round the loo

So to make my task less onerous
I'd bought some fancy wipes
(I got the ones from Woollies
Not the more expensive types)

They were called "anti-bacterial"
"Disposable" as well
They were very user friendly
And had quite a pleasant smell

But written on the packet
Was a thing that made me squirm
It said "kills ninety-nine percent
Of common household germs"

I guess that was a selling point
I'm sure that's what they meant
But it made me start to fret
About the other one percent!

What makes them indestructible?
These nasty super bugs
Have they been body-building?
Have they been taking drugs?

Do they go into hiding
When they're hit with disinfectant
And just lie there to ambush us
When we're least expectant?

It's making me quite angry
In fact I'm rather shirty
And meanwhile my poor bathroom
Is one percent still dirty!

Children: You spend the first 2 years of their life teaching them to walk and talk. Then you spend the next 16 years telling them to sit down and shut-up.

Did you know that dolphins are so smart that within a few weeks of captivity, they can train people to stand on the very edge of the pool and throw them fish?

Adventure Playground

An application has been received for a proposed public recreation facility (Adventure Playground, and associated buildings) at the Calista Oval (Reserve 27533) (refer Attachments C – P for Development Plans).
The subject site is vested in the City of Kwinana for the purpose of "Recreation and Community Welfare Centre" and is reserved under Town Planning Scheme No. 2 (Scheme) for "Parks, Recreation and Drainage".
The proposed Adventure Playground is classified as a "Public Recreation" use.
The proposal is a Permitted "P" use under the Scheme and is consistent with the reservation of the reserve.
The proposal includes seven playground areas, new toilet block, pump house, park shelters, surface treatments, play equipment, parkland furniture, new car park and native wetland planting in existing drainage basins.
The Tree Survey Report submitted with this application notes that Calista Oval has approximately 800 existing native and exotic trees (approximately 470 of these trees located in the application area). The proposed development aims to incorporate most of the existing trees into the playground.

There is far too much information to reproduce here.

Follow the link below to the COK website. A pdf document will appear, go to item 15.2

You will find detailed descriptions and plans for the proposed development.

"No" means ask Grandma

You Know you're getting old when

The biggest lie I tell myself is ..."I don't need to write that down, I'll remember it."

Wouldn't it be great if we could put ourselves in the dryer for ten minutes and come out wrinkle-free and three sizes smaller!

Last year I joined a support group for procrastinators. We haven't met yet!

I don't trip over things, I do random gravity checks!

I don't need anger management. I need people to stop pissing me off!

Old age is coming at a really bad time!

Lord grant me the strength to accept the things I cannot change, the courage to change the things I can and the friends to post my bail when I finally snap!

I don't have grey hair. I have "wisdom highlights".

Teach your daughter how to shoot, because a restraining order is just a piece of paper!

If God wanted me to touch my toes, he would've put them on my knees.

The kids text me "plz" which is shorter than please. I text back "no".....which is shorter than "yes".

I'm going to retire and live off of my savings. Not sure what I'll do that second week.

When did it change from "We the people" to "screw the people" ???

Even duct tape can't fix stupid ..... but it can muffle the sound!

Why do I have to press one for English when you're just gonna transfer me to someone I can't understand anyway?

Of course I talk to myself, sometimes I need expert advice!

Oops! Did I roll my eyes out loud?

At my age "Getting lucky" means walking into a room and remembering what I came in there for

Thanks Genevieve for this one.
