## WHAT MAKES THE ROTARY BEEF BBQ SO SPECIAL? It's the secret sauce!

Did you know that the Rotary Beef BBQ originally started sales with chicken and salmon. A few Rotarians created the motor rotation for the BBQ with a gear assembly from an old speedometer from a BC Rail locomotive. If you ever get a chance to speak to the older generation of the Squamish Rotary Club, you will get many stories of the creation of the spit and mechanical workings of what is now the infamous Rotary Beef BBQ!

Don't miss this delicious creation of beef on a bun and maybe you will find out what is in that secret sauce!
