

OPPORTUNITY KNOCKS FOR SQUAMISH !

Rotary Club of Squamish
2007/2008 District
Rotary Club of the Year

Opportunity knocked for Squamish Rotary when a company called "Clean Event" was contracted for cleaning Mountain Venues for the Olympics. Rotary is always looking for creative ways to generate dollars to give back to the community for Service Projects and "Clean Event" representatives visited Squamish Rotary and put forth a proposal. Rotary could not turn this one down!

"Clean Event" was looking for staff that would be paid for cleaning services during the Olympics. People would volunteer to work for "Clean Event" and in exchange for their volunteer working hours Squamish Rotary would receive their payment to go to service projects that Squamish Rotary so freely gives back to Squamish.

Volunteers for "Clean Event" will be at Whistler Olympic Park and the Athletes Village and will provide light cleaning duties on the venue sites. Forty people stepped up to volunteer; Rotarians who already have volunteer commitments at the Olympics signed up to do double duty and as well family and friends came forward to volunteer for Squamish Rotary.

What a "Win-Win" situation for all, a chance to be part of the Olympics and in turn give back to the Squamish Community.

BIG THANKS to all of you who have made this commitment and once again our community ends up as "The Winner!"

DON'T FORGET

Squamish Olympic Hockey Game
Canada vs America

Kickoff to the Torch Celebration

February 4th, 2010 at Brennan Park 3:30 to 5:45

Squamish Wolfpack vs Northern Lights from Minnesota
