Huntington's disease

CBM Rotary Community Service Award presented

The annual Central Blue Mountains Rotary Community Service Award was presented December 6 to Andrew Gunn, Year 10 student Blue Mountains Grammar School for his dedication and commitment to community service, by Rotarian Vivianne Byrnes.

Putting The Rotary Foundation on top of Mount Everest

Olivier Vriesendorp, a member of the Rotary Club of Amstelveen, Netherlands, dreamed of climbing the highest mountain on each of the world's continents, known as the Seven Summits.

On 21 May 2017, Vriesendorp and his expedition team reached the summit of Mount Everest, the last mountain he needed to scale to make his dream a reality.

Vriesendorp, who had Rotary patches sewn to his down suit, also carried a Rotary Foundation flag and took it out when he reached the summit, where he enjoyed 15 minutes standing on top of the world.

Vriesendorp believes that his determination to accomplish this lifelong goal is an example of the great heights Rotarians are willing to go to make the world a better place.

Vacant shop windows promote Rotary

Vacant shops are ideal for promoting Rotary.

This vacant shop at 167 Katoomba Street, Katoomba, is promoting the Rotary e-club of Greater Sydney. An initiative of Lucian Keegel, e-club president, the use of the shop has been arranged through local real estate agent Peter Poulos, Katoomba.

While the shop is vacant, Peter Poulos says Rotary can use the windows as a promotional tool. Lucian has offered other Rotary clubs an opportunity to place promotional items in the windows.
