From Studebaker in South Bend

Don't make 'em like this anymore

For over 50 years, this car waited its turn to wow distinguished educators and classic car lovers **Dave Sipka** and **John Noling** in the Holiday Inn parking lot on Thursday. It's a Studebaker Avanti, a personal luxury coupe built by the [Studebaker Corporation](http://www.studebaker.com) in South Bend, IN, between June 1962 and December 1963. The Avanti was publicly introduced on April 26, 1962. Studebaker's shocking factory closure occurred December 20, 1963.

Two Months More

President Brianna expressed surprise at her table that her presidency is almost up: June 30. There's still so much for her to do.

In the “No good deed goes unpunished” category comes the tale of Jason Piasecki, right. The previous week, he'd gone through the trauma of guest editing RIM, Facebook, and the Club's website. Last week, this good guy traded raffle tickets with Gary Nelund, left. Guess who won.

Last Week's Program
**Another Great Water
 Adventure in Honduras**
by Peg Maniates

Gail Ringelberg, below, from the Grand Haven Rotary introduced the eight students who accompanied her on another successful trip to Guatemala. She emphasized the importance of each group building on the successes of the previous group's accomplishments. The process of bringing clean water to these communities did not happen in just one day;

it began years ago when another group began laying pipe to bring water from streams into the villages. Each year, more work is done and slowly clean water is coming to these homes. Additionally, she wanted to assure everyone, especially **Darlene Collet** that the duffle bag with the uniforms arrived safely.

Gail passed the microphone to Danielle Woodring of the Baker College Rotaract Club who introduced the rest of the team: Megan Malewitz, Rodney Savage, Riley Duff, Amelia VanderVelde, AJ Ringelberg, Ryan Susterich and Hannah from Grand Haven High School. These students >>>

Encore Notice

Club meetings will bounce around during this month. May 7 brings us to the Lake House, our summer-fall hangout. Then it's Fricano's on May 14 for pizza and cookies. Holiday Inn gets us again on May 21 and May 28, after which we move to the Lake House from June thru November.

>>> expressed the joy they felt upon undertaking the next steps in the clean water initiatives.

Amelia VanderVelde spoke of the welcoming atmosphere with in the communities they visited. She stated, "Once we got over language barriers, everything fell into place." In addition to installing new filters, the students tested the water quality produced on previously installed filters. Out of all the filters they tested, only one failed. The team did what they could to rectify the situation by replacing a hose and showing the residents how to better care for the equipment. This problem lead the students to brainstorm on how to prevent this problem in the future and to supply next group of students with equipment they will need.

Club members posed several difficult questions to the students on Guatemala's political changes and their safety on this trip. The travelers responded that the Guatemalan Rotarians took very good care of them. One student even commented on how their hosts made student safety their top priority. Initially, some were shocked at the airport when they saw the military, and reminded themselves of the differences in culture. The group always had escorts and their hosts always made the visitors felt secure. One of the students said her happiest memory was delivering books and supplies to a local school. The children reacted with such delight as if they had never seen a book before.

Student travelers above, from left, are: Rodney Savage, Ryan Susterich, Riley Duff, Hannah Kenny, Amelia VanderVelde, Daniele Woodring, Megan Malewitz, and AJ Ringelberg.

Jim Schiltz gave the invocation, and **President Brianna Scott** led the Club in the Four Way Test.

John Severson reported on the Business Connection Meeting held on April 20. Lt. Governor Brian Calley discussed the importance of Proposal One, and John showed the Club a short video of the presentation. MAISD's Chris Glass, a legislative aide for this area, held a short question and answer session.

Pam Babbitt quickly guessed last week's mystery Rotarian: **Sylvia Precious**. She would title her biography "The Great Adventure," and enlightened members on her time in Somalia with her five children.

"In a land of abundance, how can a child go hungry? We examined some of the numbers to deconstruct the issue." Kids' Food Basket, Kris's organization, is a local affiliate of the Share Our Strength/No Kid Hungry partnership.
