

Rotary Club of Seattle

Sustainability Committee Goals:

- EDUCATING - ourselves, our Rotary colleagues and the public about how - and why - we should all conserve energy and resources, and adopt sustainable solutions.
 - DEMONSTRATING - how we can demonstrate the benefits to ourselves and future generations of a sustainable approach to business and living.
 - INNOVATING - with ideas promoted by our Rotary Club to switch to sustainable practices in all Rotary projects.
 - DONATING - to a Rotary Club project that offsets your *unavoidable* personal carbon emissions.
 - ADVOCATING- to our Rotary Club the importance of sustainability as the world wrestles with carbon emission reductions and other resource constraints.
-
- Seattle 4 is joining the Rotary Sustainable Trust.
 - The Sustainability Trust is an international charitable foundation formed by concerned Rotarians.
 - It aims to get all 32,000 Clubs aware of the challenges facing our planet, our communities and our lives...and to make all Rotary projects Sustainable.
 - It is a web-based forum to share projects, ideas, solutions, and information.
 - It raises funds to pay for the provision of services through Personal Carbon Offsetting and Sustaining Memberships
