

Rotary Club of Paso Robles Community Service

Committees and Goals for 2013-14

Paso Robles Winemaker's Cookoff

Our premier fundraising event! The purpose is to raise money to award to high school student scholarships for higher education (either college or vocational school).

The goal is to expand the event by incorporating more winery participation and to increase public knowledge of and participation in the event.

Wine Country Golf Classic

This is another of our premier fundraising events. This is held in cooperation with the Rotary Club of Atascadero. The purpose of this event is to raise money for Rotary Charities and Projects.

The goal of this committee is to expand the event by increasing sponsorship opportunities and developing additional opportunities to increase public participation at the wine tasting and the dinner.

Rotary Volunteers

All members promote and enhance relationships between Rotarians and Rotary sponsored organizations and events. They also develop community service projects to promote clean air, clean water, energy resource protection, recycling, soil conservation, toxic waste disposal and / or water management. Identify appropriate projects needing volunteers.

Compile and maintain a club volunteer directory. Keep everyone informed on projects receiving volunteer support through updates at our club meetings, the club bulletin editor and through updates on the club website.

We also enjoy participating in a joint Paso Robles – Atascadero High School Senior Football lunch with the Atascadero Rotary Club.

Human Development

Develop and promote a project or service activity relating to child care and early immunization, crime prevention, the disabled, drug abuse prevention, elderly health education and care, AIDS education and awareness, literacy, hunger, poverty, safety programs and youth activities.

Develop and participate in a literacy program (Dictionary Project) at local primary schools.

We coordinate with Rotary Information committee and club bulletin editor to provide information about the various organizations that Rotary supports and to our club membership.
