White Rock Rotary Service Foundation by Kleeberger, Bruce

Rotary Club of White Rock Millennium President Elect **Pat Hahn** attended our meeting to introduce our membership to the White Rock Rotary Service Foundation. He was assisted by Rotarian **Bob Shumka** and Rotarian **Jeff Richards**.

The Foundation, formerly known as the Queen of Hearts Foundation, is now over 10 years old and has over \$28,000 in earning funds which are distributed to the four originating and partnering clubs. It is a Rotary Community Foundation like others which have been very successful in Calgary and in the lower mainland.

Benefits to the community include that it is a permanent fund (the capital is not used), it generates funds for local initiatives, and it has low administration costs.

Benefits to the Rotarian include:

- opportunity for Rotarians to leave a legacy to the Club and the Community, in the name of the donor if desired.
- it is a permanent endowment
- it is a local choice for gifting

Benefits to Non-Rotarians include:

- it is a gifting alternative
- peace of mind that it is administered by a trusted organization
- minimal administration costs are involved

Contributions can include:

- life insurance
- securities
- memorial tributes
- cash contributions by clubs or individuals

Funds are managed in one endowment fund but each Club has its own account. President Elect **Pat Hahn** invited the Club to join the other four clubs on the peninsula in support of the Foundation. PDG **Jim Follows** spoke strongly in favour of this commitment and asked for a show of hands, not binding on the executive, of interest amongst the members.

David Boulton generously donated to the club a "Wine Lovers Starter Kit" including

everything the budding wine connoisseur required to being in earnest. President **Lyle** won the prize at auction and immediately designated Rotarian **Dan Kubbernus** as the next member to provide an item for auction worth not less than \$25.

It is worth noting that Rotarian **Winston Conyers**, upon having his jacket returned immediately turned to the Sergeant at arms to exact a penalty for his having retained the jacket in his possession for a week longer than he intended. But then the jacket was offered for rent to anyone who was willing to pay for the opportunity to wear it. Tassels were to be provided free of charge (but this is likely to be more interesting to Rotarian **Dan Kubbernus** than anyone else.

And on the subject of tassels, Rotarian **Cass Parel** paid the price for not having brought our new flag, with tassels, to the meeting. In an uncharacteristically weak defence, Cass explained his intention was only to delay and thereby enhance the gratification of the members in seeing the flag. He will bring it next week.

Professionals for goodwill exchange

by Kleeberger, Bruce

Rotary club members of WhiteRockPeninsula are seeking four outstanding professionals to visit Ecuador in April, 2009 as part of the Group Study Exchange program of The Rotary Foundation of Rotary International.

Through the program, teams of young professionals from two different countries exchange visits. For four to six weeks, team members experience the way of life, customs, and vocational practises of another country, while sharing information about their homeland.

The purpose of the Group Study Exchange program is to promote international understanding and goodwill through personal connection. While abroad, team members stay in Rotarians' homes and have the opportunity to meet their professional counterparts. They also give presentations to Rotary clubs and other groups about their home country.

The Rotary Foundations pays for round-trip airfare, and the Rotary club members in the host country provide meals, lodging, and group travel in their district. Team members pay for personal and incidental expenses.

Young adults between the ages of 25 and 40 who are interested in applying should be employed full-time in a business of profession. Applicants must live or be employed in district 5050 which encompasses the Fraser Valley in British Columbia, Canada and the North-Western state of Washington, USA.
