Carelife Fleetwood

by Lila Heilbrunn

Marg Fraser from Fraser Health introduced us to a new residential care facility called CareLife Fleetwood. This is a 191-bed residential care facility, which provides many new and innovative amenities for seniors in residential care.

Carelife Fleetwood looks like an attractive condominium development. It is divided into 24 bed sections or 'houses', which are named for trees. Attention has been paid to many details in an effort to ensure seniors are cared for in the best environment possible.

Most residents have private rooms, which are equipped with a ceiling lift; rooms also have wheelchair-accessible private bathrooms. The corridors are spacious and bright. Interior courtyards provide a secure environment for residents to relax outdoors. One of the courtyards even has a greenhouse for plant and flower cultivation.

To make the environment more homelike, all meals are prepared on site in a state-of-the-art fresh food kitchen. Marg showed us pictures of the hobby room, living room and family entertainment facility, which can be booked for special events.

She emphasized that the new approach to end-of-life care was respectful of abilities and intellect. The focus was on developing meaningful relationship with residents. Staff allow residents to have as much choice as possible over life needs and support these needs in whichever way they can. Carelife Fraserwood is an affordable facility, which aims to provide exemplary care to frail seniors and to make the final years of their lives as comfortable as possible.

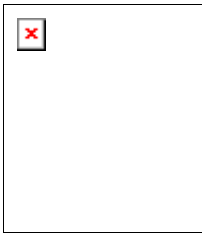

Governor's Weekly Notes

by Lyle Konner

GSE Team Australia, GSE Hosting & PolioPlus Dinner Event ...

GSE Team Australia - Our team traveling to District 9470 in Western Australia will be leaving shortly as District 9470 holds their District Conference in October. You will be able to follow their travels via their "blog" at <http://gse2australia.blog.com> I would like to thank the Rotary Clubs of Abbotsford, Abbotsford-Matsqui, Surrey, Chilliwack, South Everett/Mukilteo, Marysville and White Rock Peace Arch for sponsoring the team members. Our GSE exchanges are a highlight of each Rotary year and I would encourage all clubs in the District to try to involve themselves in some manner.

GSE Hosting - We will be hosting two GSE Teams next May, one from Western Australia (our Aboriginal Exchange) and one from Ecuador. We will need six clubs on each side of the border to participate in the hosting of these teams (clubs in the same area may also wish to partner with one another in acting as a host). If your club is interested in this very rewarding opportunity please contact our GSE Inbound Coordinators: Ron Goldfinch rgoldfinch@legacypacific.com in British Columbia and Danielle Mullen travelady2@comcast.net in Washington State.

PolioPlus Dinner Event - Don't forget the banquet to be held October 9, 2008 in Chilliwack with Bob Scott as the feature speaker in support of PolioPlus. This man is **THE** authority on polio eradication and Rotary's part in it - so if polio eradication is your passion you won't want to miss this opportunity. More information is available on the District Website www.district5050.org including the Ticket Order Form.
