## Rotary clubs remain committed to Katrina recovery effort

*Humanitarian group's international convention in New Orleans, delayed four years by the storm, will pump millions into the local economy in May 2011*

Five years ago, the devastation wrought by Hurricane Katrina made it impossible for New Orleans to host the Rotary International convention as planned in June 2007.

But even as they coped with their own personal and professional losses and pitched in to rebuild their communities, New Orleans area Rotary club members remained determined that the humanitarian organization's most important annual meeting would return when the city was ready. Their dream will be realized May 21-25, 2011, when more than 17,000 Rotary members from around the world will convene in the Crescent City for the first time in 35 years, injecting a much needed infusion of at least \$20 million into the local economy.

After Katrina ravaged New Orleans and the Gulf Coast on Aug. 29, 2005, Rotary members worldwide raised more than \$19 million in donations and grants for relief and recovery efforts throughout the region. This includes a special Katrina Relief Fund that eventually exceeded \$1.9 million, with support from Rotary clubs as far away as Australia, Japan, Sweden, Panama, the United Kingdom and the Netherlands.
