The Four-Way Test of the things we think, say or do:

Is it the **TRUTH**?
Is it **FAIR** to all concerned?
Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
Will it be **BENEFICIAL** to all concerned?

Today's Program

Today's program is all about the Pumpkin Run!

A Road Trip to Remember

By Arnold R. Grahl
Rotary International News — 27 September 2010

Rotarian Joanne Pistorius found a stylish way to travel to the 2010 RI Convention in Montréal, Québec, Canada, in June.

Pistorius, a member of the Rotary Club of Tampa Hyde Park, Florida, USA, and her husband, Brando, drove their vintage 1930 Packard from Tampa to Montréal as part of a three-week, 4,000-mile round-trip journey in late June and early July.

"So many people we met did not know what Rotary International does, and we were able to share that with them," says Pistorius, president of the North American chapter of the Antique, Classic, and Historic Automobile World Fellowship of Rotarians. "It was an exceptional PR opportunity and a chance to stop off at Rotary clubs along the way for a meal and a make-up, and to talk about the fellowship."

A couple of years ago, Pistorius discovered the automobile fellowship and was recruited to reorganize the North American chapter. She dreamed up the idea of driving the Packard to the convention to promote Rotary and the fellowship.

The couple stopped at seven Rotary clubs in all: the Rotary clubs of Hilton Head Island, Hilton Head Island-Van Landingham, and Georgetown, South Carolina; Princess Anne at Town Center (Virginia Beach), Virginia; Camden-Wyoming and Smyrna-Clayton, Delaware; and Middleburgh, New York. Press releases were sent out to local media, generating publicity for the clubs.

The North American chapter is planning to have members from all over the United States drive their cars to the 2011 RI Convention in New Orleans, Louisiana. Pistorius says there are also tentative plans to have an antique car be part of the fellowship's booth.
