Peter Walton Sr. is our speaker. He came out of retirement to get involved with a new company, [Guard Llama](#). He reconnected with Northern Illinois University and met 3 young men who had developed a device to save lives. Peter was so impressed that he wanted to assist and was hired. They have only been in business for 3 months with over 1500 customers. With the tap of a button, one gets police assistance in minutes. A cell phone nearby is needed to activate. Peter has a promotional code "Pete" if someone wants to order it. The purpose is simply to locate and protect, no other bells and whistles. Only in the US. GPS is coming from the phone.
