- Frolic June 11 – 14, run the hamburger stand. Must attend or get a proxy.

International committee report: Prepare International grant for 370 cistern wells in Guatamala and/or District Grant at Amazon Clinic.

Foundation Committee still needs about \$400 to send to Rotary International to make us eligible for International grants.

Golfing for Scholars need four-somes for only \$60 per player. May 22nd Every little bit helps!

Program: Laura Mason, Mount Horeb Community Supper at the Mount Horeb Senior Center
The study committee from the Methodist Church found a great food need in the community
Other communities in the area are doing this and they contacted Sun Prairie to learn how they did it. To start, they got a grant from the Mt Horeb Community Foundation. At this time they provide a meal and companionship on the 3rd Tuesday of the month. 5:30 to 6:30. They have been up and running for two months serving dinners starting with 20 diners the first month and now up to 40 diners the second month. A lot of diners are seniors. They are pleased to be meeting the goal to provide for the community. At this time, they are looking for organizations to sign on. Food comes from donations. Two other churches are thinking of getting involved. Different organizations can host once a month. They are hoping to expand to more sponsors and possibly more dinners per month. Community Center has a kitchen. Learn more at Facebook page. www.facebook.com/mhcommunitysupper
