

Hawaii Kai Rotary Club - Ducky Dash Update 4-9-13

The weekend of April 6/ 7 was truly a great start of Ducky Dash Duck Adoptions. Now that we've honed our presentations & marketing approaches, we're better able to increase totals over the next 2 ½ mo. Kaiser Interact Students have earned \$153 for their club so far by helping to adopt ducks at two Adoption Stations.

Thank you one and all for working hard to get those Ducks Adopted! **Everyone, PLEASE take shifts whenever possible in Adopting Out all 6,000 ducks by June 30th.** Limited Time? Only two hours will help.

- Today we hosted a special DAS at Windward Community College during their career day, Adopting **39***Ducks. We were invited on campus because of the dozen scholarships our club has given to WWCC students over the last few years.
- Next and the following weekend we will be joined by new volunteers from the **Aqua Fitness** group at the **Oahu Club**. They have generously named our DD as their Project of the quarter to support. We are truly honored. **MAHALO.**
