

THE ROTARY MEDIATION PLEDGE

As a Rotarian, I am committed to making the world a better place. A core value of Rotary is promoting peace through understanding.

I recognize that all relationships encounter problems and we constantly negotiate and compromise to resolve those problems. In rare instances, problems are inflamed by high emotions which prevent us from continuing to negotiate and then we become involved in disputes.

As a Rotarian, I agree that if a dispute arises between myself and any other Rotarian, that we will engage the services of a Mediator to help us gain an understanding of each other's perspectives so that we may continue negotiating to resolve the problem.
