Quote/Song of the week.

Born in 1936, died in 1988, Roy Orbison was a talented songwriter/singer known for his trademark dark glasses and sometimes dark emotional ballads. He had a unique voice said to have a 3-4 octave range.

He knew tragedy himself; his first wife and two sons died in separate traffic accidents

***Some of his well known songs include
Only the lonely, Crying and Oh Pretty Woman.***

Club Visitors were Julia and Dennis Temby. Julia is the current President of the Ascot Rotary Club and is down in Bunbury with husband Dennis who is a relieving magistrate. During the later fines session Sandro couldn't resist the opportunity to fine Dennis for the many fines he will be serving upon people when they meet him in court. Pres Julia distributed Rotary business cards for members available at low cost, proceeds to Rotary Foundation.

Bruce Lynch –Men's Shed: Bruce appeared on crutches after a recent Humpty –Dumpty incident while bike riding with Cedric caused him to fall off his bike and land on a concrete path. No bones broken but he has some sore spots.

Bruce updated us on progress at the Men's

Shed firstly to correct an impression that a massive building currently being built nearby is not the Men's Shed. Nonetheless he expects the shed will be up by the end of this month. Volunteers will be needed to help erect the walls.

An Operations Committee that will be managing the facility has been formed and will be meeting at 6:00pm – 7:00pm on Thursday, June 26th at the "Thomas Community Garden Centre" on Robertson Drive. There will be a sausage sizzle and Rotarians interested in finding out more on how the Men's Shed will operate etc. are welcome to come along. Men's Shed membership will cost \$25 a year for men who wish to join,

Bruce also gave notice of a forthcoming event called Hardbodies. Flyer attached, Gordon Golby is thought to be involved. Is this secret men's business? Watch this space for developments.

President Stephen recently attended the International Rotary Conference held in Sydney at Olympic Park recently along with Zaki and Rod Downe. The organisation and management of the conference was first class, special trains left Sydney Central station at 15 minute intervals and each participant was given a voucher for free travel for the duration. Some 20,000 Rotarians attended. Stephen stayed at the Grand Hotel which had its limitations but was able to join Zaki for the Happy Hours at the nearby Inter Continental which somehow ran for 2 hours every

evening. The presentations were first class and it was pleasing to see that so many of the speakers from around the world who have been running different programs had been inspired by their previous contact with Rotary whether it was as an attendee at a RYLA program, student exchange etc. This is confirmation that the effort members have put into running RYLA, Science Summer School and all the other programs the Club organises does often bear great fruit.

Visit the Rotary International website to view some of the presentations made to the Conference as you will find some of them inspiring. Stephen recommended we all consider attending an international Conference; the next is at Sao Paulo in Brazil and the following one is scheduled to be in Seoul- South Korea. At the Conference Tony Abbott announced the government would be contributing \$100 million towards the "end the Polio campaign".

Coming Events:	Venue
