PP Sandro Agrizzi chaired the meeting on May 18th in the absence of President Neil. Sandro welcomed **Elaine Mead** a visiting Rotarian from Auckland NZ. Elaine is working on a computing project at Worsley and will be in Bunbury for a few months. Hope to see you at the Club again Elaine. Also welcomed was Mreee Keady-McCallum a guest of Linda Carr.

Linda Carr: Salvation Army Doorknock- Sunday May 29th- Linda wants a home in the South Bunbury area on collection day for a base and also to hold the post collection BBQ. Give Linda a ring if you can make your place available. So far 22 collectors have nominated but more are welcomed. Collecting will start at 0900hrs and finish at 1130 and will be in pairs to cover both sides of the street and provide mutual protection against any dog, cat or human attack although past experience is that for this doorknock people are very willing to donate and the dogs are friendly.

Peter Hill-Club Picnic- June 12th. Peter gave details for this event. Assemble in carpark opposite Entertainment Centre at 0930. You will be given a map and clues on how to navigate your way to a BBQ site about 110 km from Bunbury where lunch will be held. Bring your meat and drinks. Friends in your car or theirs are welcome. Peter assures everyone the chances of becoming lost or not arriving at the destination are slim but there is always the exception.

Guest Speaker-Lysle Cubbage: Citizen's Arrest: Lysle is an Inspector of Police and has been in Bunbury for 18 months. In service within the Force he was a detective for 14 years and also a Law lecturer at the Police Academy, Operations Manager Communications, OIC Operational Safety and Training and OIC Counter terrorism amongst his many past positions.

Lysle spoke on the topic of Citizens Arrest and gave a summary of the legislation which provides power to citizens to arrest people carrying out an offence or who appear likely to offend. The person arrested has to be handed over to the police at the earliest opportunity. On the question of what is meant by "reasonable force" used to arrest the offender or in the case of a home owner defending him or her against an intruder, this is very much subject to interpretation. Citizens arrest, like marriage is clearly not something to be entered into lightly unless you are built like a German tank and know the law well. Lysle finished off and interesting talk with a display of a taser machine. The sight of 50,000 volts of electricity arcing across the electrodes must deliver a powerful message to most offenders.

Message from Andrea Feast from Portugal. Hi Neil! Thanks for the email! We have rarely been able to get on the Internet due to no connections or wi fi, so we set up a Facebook page so other rotary clubs could post photos on the page. U don't have to have a Facebook account to have a look at the page. Check out a google search for Facebook GSE western australia to Portugal 2011. I will try and forward you some group emails one of the team members sent. We have been treated amazingly well! We have

had wonderful receptions everywhere we go and been given lots of gifts. Going to need an extra suitcase! They all understand our speech in Portuguese and really enjoy hearing about Australia. A few oohs and aahs in the audience, the biggest reactions coming from mentioning u have to pay a fine if u don't vote in an election! Some things we have done have been

last minute, as some clubs only had a couple of days notice we were spending the day or weekend with them. But we are learning that's the Portuguese way actually! Hence we have only stayed with one host family for 2 nights, cos not enough time for them to organize families so we have been put up in hotels all the time. So missing the host family experience but still getting to know a lot of people and already keeping in touch with a few along our travels. Amazing people! About one week to go on this trip and haven't quite seen a lab, but team leader is looking into it and next week should see a lab, or at least a major hospital. In Algarve at the moment at the beach! Great! My highlight so far would be a town called Sesimbra. A fishing village and we got taken out after rotary meetings by 2 members of the Portuguese team that came to Australia- Filipa and Pedro. Here is a photo of us. So if u can, check out that Facebook pAge and u will see heaps! Even our radio interview. Only 9 more days til back home and our schedule is jam packed! I really want to recommend this experience to so many people, there is nothing like it- just amazingly unbelievable. We have visited a lot of places that are rotary projects and it's really heart warming to see so many contributions in the community. Well getting a bit hot so going to hop in the water for a quick dip! We have been given 2 hrs free time which is a luxury to have even an hour of free time. Chao! From Andrea

PP Elaine Mead a visitor to the Club on 18/5 with Rod Downe.
