Oct 19 <sup>th</sup>	Bike Trek

### **TEEVEE**

In the house of Mr and Mrs Spouse, he and she would watch teevee  
And never a word between them spoken, until the day the set was broken

President Glenys welcomed Greg James back to the Club and also congratulated Mike Honeybell and his Black Tie Ball Committee for their sterling efforts in organising and promoting the Black Tie Ball and arranging the various items for the auction. Glenys said 20 members would be attending and this accounted for 14 tables.

Just as well Greg James has a good sense of humour. One of the first to greet Greg on his return from the ill list was Ben Andrew who has recently joined the profession of funeral director. Seen here is Ben complete with tape assuring Greg that if required he is ready to provide his services no matter the hour or the day. This alone should ensure that Greg makes a very fast return to vibrant health. Great to have you back Greg.

Eric Hodgson spoke very eloquently on the occasion of reaching 80 years of age, and celebrating with Pat their 57<sup>th</sup> wedding anniversary. Eric said Rotary had become a major part of his life from the time he joined the Club in 1974 as it gave him the opportunity to do something he enjoyed doing; helping the community. And apart from Rotary he is still at it, providing assistance to older people at the RSL on how to fill out tax returns. Eric listed some of the changes in Rotary since he first joined when everyone wore a tie to dinner meetings. The Rotary Friendship Tours to

Japan, Malaysia and Indonesia that Eric and Pat were involved in were memorable events. Eric made a plea for the Club to revisit the formation of a Rotaract Club in Bunbury. At the time the past Rotaract Club folded many young people in Bunbury were leaving to work in Perth but with an increase in Bunbury's population since then this may have changed.

Eric also talked about some of the past characters in our Club who have made South Bunbury such a great Club. Well done Eric.

## Sparks, Jodie

### From Within

A message from the District Governor

Today commences a new chapter in my Rotary life, a new page in the tale of Rotary's history...a tale that will be co-written by the Rotarians of our wonderful District. Let us work together to write a tale of successes, of hope, of opportunities seized and lives changed. A tale of a Rotary that is stronger, more relevant and more vibrant than ever before.

We Rotarians are pragmatic idealists and we bring our ideals to life through our Rotary service. We aspire to live our lives ethically and honestly, having The Four-Way Test to guide us.

We as Rotarians refuse to fall prey to indifference. We are in Rotary to change the world — for why else would we be Rotarians? Each of us joined Rotary because we want the ability to reach out and to show others that we care. We are here because we believe in change — and that change, any real change, has to come from us, starting from within us, from inside each one of us.
