STATUS REPORT: 99% POLIO-FREE

Polio cases have declined rapidly since 1985, but the fight isn't over. Polio is a crippling and potentially fatal infectious disease, and for as little as US\$0.60, a child can be protected against the virus for life. If we don't finish the fight right now, more than 10 million children under the age of five could be paralyzed by polio in the next 40 years.

Meeting With RFE Counterpart in Amman, Jordan

Our fellow Rotarian PP Bashar Asfour, Rotary Exchange Chair for Jordan this year, met with his counterpart Rtn. Rajesh Pamnani from Rotary Club of Secunderabad Sunrise (RCSS) earlier this month during his trip overseas and exchanged club flags, issues in Syria were discussed and the possibility of aid and assistance. The exchange was also attended by Rtn Khaled Zumot. It was agreed that they would continue to coordinate for future projects.
