Comment

The Editor

110

Today, 23 February 2015, is the 110th anniversary of Rotary International, so the theme for today is the number 110

Today’s events

Remember to wear a funny hat to tonight’s meeting or risk a fine of R110.00, 110 cents or 110 laps around the field!

Those coming to the Rosmead Central Primary School book hand-over please RSVP to Jenna before 10 am on Monday for meeting at 11 am.

[Coincidentally: Note that 10 x 11 = 110. – Ed]

EarlyAct

Our Bishops EarlyAct club have already collected a number of items for our 110 campaign. We have many dogs items but haven't reached 110.

Please will our Members (not to forget to) bring items to the meeting on Monday to make up 110.

Some CAT food would also be nice!!

The number 110

Year 110 BC was a year of the pre-Julian Roman calendar. In Roman times it was known as the *Year of the Consulship of Rufus and Albinus*.

The year AD 110 (or **CX**) was a year of the Julian calendar. In Roman times it was known as the *Year of the Consulship of Priscinus and Scipio*.

110 is also

- A common name for mains electricity in North America, despite the nominal voltage actually being 120 V (range 110–120 V). Normally spoken as "one-ten".
- 1-1-0, the emergency telephone number used to reach police services in Iran, Germany, Estonia, China and Japan. Also used to reach the fire and rescue services in Norway and Turkey.
- The age a person must attain in order to be considered a supercentenarian.
- A percentage in the expression "To give 110%", meaning to give a little more effort than one's maximum effort
- The number of stories of each of the towers of the former World Trade Center in New York.
- The TCP port used for POP3 email protocol
- A 110 block is a type of punch block used to connect sets of wires in a structured cabling system.
- It is also known as "eleventy", a term made famous by linguist and author J. R. R. Tolkien (Bilbo Baggins celebrates his eleventy-first birthday at the beginning of *The Lord of the Rings*) and derived from the Old English *hund-endleofantig*. When the word eleventy is used, it may indicate the exact number (110), or more commonly an indefinite large number such as gazillion.

In athletics there is the Olympic men track and field athletics event **110 metre hurdles** and in sailing the **International 110**, or the **110**, is a one-design racing sailboat designed in 1939 by C. Raymond Hunt.

In chemistry, 110 is the atomic number of the element **darmstadtium** with symbol Ds. It is an extremely radioactive synthetic element. The most stable known isotope, darmstadtium-281, has a half-life of approximately 10 seconds. Darmstadtium was first created in 1994 by the GSI Helmholtz Centre for Heavy Ion Research near the city of Darmstadt, Germany, after which it was named.

In Mathematics:

110 is a **sphenic** number and a **pronic** number.

A sphenic number is a positive integer that is the product of three distinct prime numbers. In this case: $110 = 2 \times 5 \times 11$

A pronic number is a number which is the product of two consecutive integers. In this case: $110 = 10 \times 11$.

And 110 is the sum of three consecutive squares: $110 = 5^2 + 6^2 + 7^2$.

Previous Meeting

Minutes of the meeting on 16 February 2015

Scribe: Richard Burnett

Sergeant Jana opened the meeting slightly late!

Pres. Wybe welcomed the guests, Speaker Camilla Howard with Matt Botha, Andrew Calothi, Pat Young, Sheila Walwyn, Martin Webb and Daphne Lyell.

Christine eased through the 4 way test and Tinus battled through the grace and RI toast.

Andy passed on the wooden spoon to Chris Beech for all his hard work for the membership evening.

Wybe reintroduced Mike Young as a member of the Club.

Garnet introduced our guest speaker.

Camilla Howard spoke on her trip to Antarctica. Camilla's friend Matt has been building a tourist camp over the last couple of years. Camilla fly to Antarctica on a Russian plane with porta loos! Camilla explained the tourist camp with all its logistics. A series of scenery views were very beautiful. A trip to the South Pole by tractor was a highlight. A swim in the Antarctic shows she has her Mother's genes! A wonderful presentation from an incredible lady.

The volume of questions confirmed the enjoyment of Camilla's presentation.

Ian with his usual suaveness thanked Camilla.

Time for fellowship and dinner. Great fellowship and dinner.

SPOTS

- Jenna talks of 110 children's books and funny hats for next week. Great response.
- Christine is collecting for the dogs. Any old blankets please.
- Andrew Peile spoke of UK prison restaurants which could be a possibility for SA.
- Garnet and Richard spoke to the visit to the wineries re the auction.
- Graham F spoke to the update for the Cape Town Cycle Tour (the Argus).
- Janey spoke to the IT of the club: a new webpage, club runner etc etc. Please get involved.
- Pippa spoke to next week meeting. A business meeting with flair please get involved.

Presidents slot

- Thanks to the IT members support.
- Board meeting next week. Bring and Braai @ 7.30 at Timor Hall.
- Call for a member to take on International and vocational director.
- The president thanked the speakers.
- Thanks to Pieter v A for the Vino.

Loads of happy Rands.

Next week NO HAT NO ENTRANCE.

A happy meeting closed at 20 35.

GUEST SPEAKERS**

2 Mar **Simon Mills** – *Thoughts
create our reality*

If you cannot do your job on the day, please find someone who can do it instead of you, then contact the Sergeant on the day to update the roster. Please don't leave this until the Monday afternoon – let the Sergeant know in advance if you have not been able to arrange a swap. If you are going to be away for particular future meetings let Peter Ennis know.
