

How Global Grants is calculated

Here is an example of the matching formula for Global Grants:

Club puts up \$10,000

District matches 1/1 = \$10,000 (to a maximum on any one grant of \$20,000)

TRF matches District 1/1 = \$10,000

TRF matches Club .5/1 = \$5,000

Total TRF match = \$15,000 (this is the minimum amount)

Grand Total = \$35,000

Poof - \$1 becomes \$3.50

Tip of the day - Make sure your partner club is not on the disqualified list due to non-reporting prior to filling out a Global Grant application.

Worth mentioning - Clubs that do not contribute to TRF receive the lowest priority for any matching grant.
