

Photos and Testimonials from the Spring, 2011 RLI Program held in Penticton

Sarah and I are new members to Sunrise Rotary Club and were very impressed when our President suggest to us that we attend the Rotary Leadership Course. He told us that it was 'Rotary 101' and that we would learn more in three days than some existing members might discover in over a year.

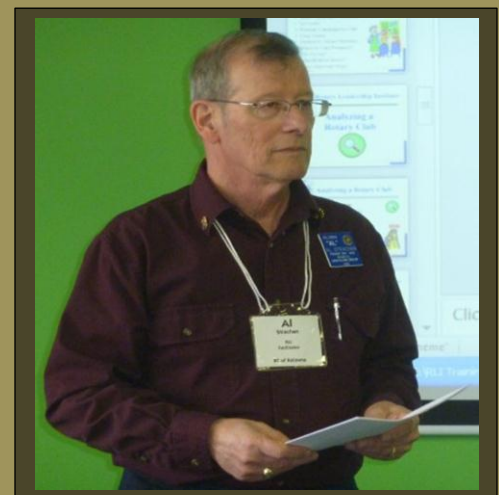

He was right about that information but what he didn't tell us about was the passion, pride and professionalism demonstrated by all facilitators at the course. They really did make this a fantastic welcoming experience for us and the issues discussed were both relevant and inspirational. We both thoroughly recommend this course to both old and new members. Congratulations RLI and thanks for the fellowship, fun and information.

Taking the Rotary Leadership Institute course really empowered me to be a more productive member. I feel excited to contribute more and to learn my responsibilities as our club secretary. It was encouraging and provided myself with a better understanding of "Rotary Worldwide".

For us, the RLI program should be rolled out as an "ALL MEMBERS" program. It offers insights into not only Rotary and its workings, but reminds us of why we joined Rotary in the first place. Thank you to all those who have volunteered their time and expertise to put on the RLI program. Please allow us to remind everyone that it is through the hard work of volunteers that we have a Rotary organization and that every member's participation is needed to continue.

I really enjoyed the RLI sessions. For me it was a reminder what transpired at PETS, so it was a refresher. I really recommend this program to all Rotarians and I am talking about it in my club and will encourage members to sign up in my year. Thanks to all the instructors for taking the time to teach the course, and of course I made some new friends.

I had been looking toward next year and my turn at PETS etc with a fair bit of trepidation but this course has relieved much of that! I left with a feeling of support and a place for questions to be answered and the hope that when I do get to PETS next Spring I will be in a better position to take it all in!
