

**Rotary District 6440**  
**Financial Management Plan**  
**As of March 29, 2016**

Our first goal is to maximize the use of District Grants. We set the deadline for applying for District Grants to be before any Global Grants are considered. This is the last day of the previous fiscal year.

Our second goal is to spend all our District Designated Funds (DDF) each year. (See the District Grant Guidelines).

We are a pay-to-play district. Any clubs that want a District Grant or a Global Grant must have made a contribution to the Annual Fund-SHARE of The Rotary Foundation in the previous year.

DDF allocated to Global Grants is always a match to club cash contributions. Global Grants are funded on a first come, first served basis. (See the Global Grant Guidelines).

Finally, we sometime use DDF to fund Global Grant Scholarships, but the candidate must be recommended by one of our local Rotary Clubs and the club must provide a person to review the grant funding and request reimbursement for the scholar.
