

ROTARY DISTRICT 5440 USA Web Site Navigation

(revised July 18, 2014)

The District 5440 Web site (<http://www.rotary5440.org/>) has a Youth Exchange Committee page with a number of resources related to the program. It is our hope that the web site has everything that Club Youth Exchange Officers (YEO) need along with information for inbound students, outbound students and host families.

You can find the page by clicking on the “Youth Services” menu and then choosing “Year Long Youth Exchange Program”. The web site was built using Rotary’s web template. Given that constraint we chose to have a series of “related pages” and set them up around the various users of the web site. On the left side of all the pages there is a list of Related Pages, External Links and Downloads. If any of those are not included on that page they don’t show up (e.g., if there are no external links then that heading doesn’t appear).

There are separate pages for Outbound students (those leaving District 5440), Inbound students (those from other countries coming here for exchange), Club Youth Exchange Officers and Host Families. The next page has an outline of the pages that may be helpful for those looking for something specific.

We encourage you to read the narrative on each page. It provides a description of any related pages as well as the links and downloads. Many of the questions and problems that people have had were solved once they read the page. We tried to keep each page relatively short and focused on relatively few topics. Consequently there are several “layers” of related pages.

This web site will probably always be “under construction”. But we have made a lot of changes recently so please let us know if you find errors, need something else or simply find the web site structure confusing. Dirk Miller is working on the web site for our committee so please call or email him with any feedback or questions (dirkdmiller@gmail.com 307-274-2812).

Web Site Outline for District 5440 Youth Exchange Committee Web Site

Year Long Youth Exchange Program

Related Pages
