"Christmas is a day plucked from the calendar of the Millennium, love's own day. That its spirit may illumine your pathway to the last stop of the journey and that every day may be Christmas throughout the world, by and by, is the fervent wish of Jean and Paul Harris"

from Paul Harris' 1930 Christmas message

We wish you and your family a very Merry Christmas, Happy Hanukkah, and may you find many opportunities for service in 2011.

Chris Offer, Allen Smith and Bryn Styles - Rotary Regional Foundation Coordinators

[New Class of Rotary Peace Fellows selected](#) - 264 applications were received this year. Each application was read and scored by two of our committee members or advisors. The selected Class 10 fellows represent the most promising peace builders from across the globe. The average age is 32 years old with an average of 7 years of professional experience. A third of the selected Fellows are coming from work with an NGO and another 20 percent come from backgrounds in education or peace building. Class 10 Fellows are from 44 different countries. 44% of the Class 10 Peace Fellows are from low-income countries. For applicants and districts interested in reapplying, the 2012 Rotary Peace Center application will be available on line in mid-December 2010 on the Rotary website. 2012 Rotary Peace Fellowship applications are due 1 July 2011.

[GSE](#) - TRF is sending out 2011-12 GSE pairing confirmation notices via e-mail. Districts should receive their pairing confirmation prior to the International Assembly in January 2011. Once districts have received their pairing confirmation letter, DGEs must contact their partners in order to determine dates of travel and fill out the GSE Travel Information Form. This form is due to the GSE department no later than 1 January 2011. The host district itinerary is a required pre-departure document. You are encouraged to use the current GSE program as a "launching pad" for the transition to Future Vision. This can be an excellent time to begin incorporating one or more Area(s) of Focus in planning for a current or future GSE. Please consider the types of projects that would be most pertinent to your district and/or your partner district.

[Contribution Reports for Zone 24 & 32 Districts](#) - How is your district doing in reaching your Foundation goal for this year? What is your district's per capita donations to TRF? How are you doing compared to the last two years?

End of year Donations - December is a very busy month for staff processing donations to The Rotary Foundation. To ensure you and the members of your club receive a tax receipt and your PHF recognition points on time please send in your end of year donations early. This is a big help for staff and reduces the chance of errors occurring. The easiest way to make a donation is online at www.Rotary.org/contribute for US Rotarians and www.TRFCanada.org for Canadian Rotarians. Online donations save time and money. Please don't wait until December 31st!!

2 for 1 a Success - In celebration of World Polio Day, The Rotary Foundation offered a 2 for 1 recognition promotion during the week of 18-24 October. In this one week alone, we raised US\$3.3 million. This is more than was raised the entire 2009-10 year from online contributions to all TRF programs combined. It is an amazing display of what Rotarians can accomplish when it comes to the task of polio eradication. [read more](#)

Future Vision Update - At this time, FV pilot districts should be implementing the district memorandum of understanding (MOU). To help districts, several resources have been developed and are available on the [Future Vision Resources](#) page of the RI website. These resources include:

- [Guide to Implementing the Memorandum of Understanding \(MOU\)](#)
- [Financial Management Plan Case Study](#)
- [Document Retention Worksheet](#)

If you have questions about the MOU or the qualification process, please contact Future Vision staff at fvqualification@rotary.org.

How to Start a Service Project - Does your club need help with starting a service project? Complete the [How to Start a Service Project](#) e-learning module to learn how to conduct a needs assessment, find resources, and choose your project. Other helpful modules for club members can be found in the [Rotary E-Learning Center](#)

\$200 Million Challenge - As a reminder, clubs are encouraged to contribute a minimum of US\$2,000 for each Rotary year of this campaign. Districts are encouraged to contribute 20% or more of their DDF each Rotary year. If your district has not made a contribution from the 2010-11 DDF please contact your Governor and consider a contribution. You can also contribute from the 2011-12 DDF at this time and it will help us reach the \$200 Million by New Orleans. Certificates of appreciation will be issued at the end of the Rotary year to those clubs and districts that meet these goals.
