DISEASE/PANDEMIC BAN LIST

The CDC has rated the following countries at Level 3; their highest rating. Because there are disease related health risks and travel assistance and evacuation services cannot be guaranteed, travel to the following countries is restricted until further notice.

15. **Guinea**
16. **Liberia**
17. **Sierra Leone**

Regardless of what is said here, it is the traveler's responsibility to investigate the area to which he/she is going and assess the risks. This list does not apply to RI Senior Leaders who may travel to any country. Exceptions to this list may only be granted by the General Secretary.
