Message from the DG

Don writes

September is New Generations Month where we focus on the programs for the youth. Most clubs have been operating with a youth committee and chairman/director for many years. The representatives of each district in the world who attended the recent Council On Legislation (COL) have voted in favor of introducing Rotary's fifth avenue of service to be known as New Generations. This gives recognition to a very important part of most clubs activities involving youth.

Youth Exchange is a very strong program in this district with some 14 inbound and seventeen outbound 16 to 18 year olds enjoying this wonderful life changing experience. Interviews are currently being conducted for the short term students to New Zealand in 2011.

Rotary Youth Leadership Award (RYLA) takes place 2nd to 8th Oct at Tocal College under the leadership of Cheryl Stanton and her committee. This is a great leadership skill building program for 18 to 25 yr olds. Rypen for 15-17 yrs is another great program.

I am very pleased to report that plans are well under way to start another Rotaract Club in Cessnock with President John Retallick working hard on the project. This will supplement the three existing clubs in Dubbo, Singleton and Newcastle. I would like to throw a challenge to the clubs in Maitland and Port Stephens area to seriously consider their area for a Rotaract Club. We can provide plenty of support on how to do it if your club would like to get involved.

There are many other great youth programs like Model United Nations Assembly (MUNA) The Science Challenge, National Science Schools and many clubs also get involved with their schools

I am pleased to report the Staffordshire Pint has been located at the Rotary Club of Newcastle Enterprise. They are waiting for a challenge and you can find out how to do that by referring to page 30 of the District Directory.

Until next month, keep on building Bigger Better Bolder Rotary clubs as we also "Build Communities and Bridge Continents"

National Youth Science Forum, 2011

Congratulations to the 15 successful candidates for NYSF2011 and many thanks to those clubs which are supporting these students. Interviews of Year 11 applicants took place in Newcastle and Dubbo this month. All participating clubs will, by the time you read this, have received notification including an invoice, sent from the Canberra Office of NYSF. All applicants and schools, successful or otherwise, have also been advised in writing of their applicants' outcome and thanked for their participation in the program.

This year, there were 33 applicants, 7 withdrawals before interview and 15 successful candidates. Seventeen clubs are participating financially this year. Clubs whose candidate was eliminated, or who were unsuccessful in locating a candidate are invited to contact an adjacent club and share their applicant.

It was particularly pleasant to note the increase in numbers applying from west of the Great Dividing Ranges. This year, we have 4 students from out west going. Country students are often remote from some experiences which are available to city students, so they often gain most through attendance.

Club	School	Name	Session
Dubbo West	Dubbo Senior Campus	Ainsworth, Emily	C
Newcastle Enterprise	Merewether High School	Barton, Mathew	B
Singleton on Hunter (& Singleton)	Singleton High School	Beckett, Joanna	A
Newcastle Harbour	Merewether High School	Bell, Jennifer	A
Wallsend Maryland	Callaghan College	Fisser, Devon	A
Williamtown	St Philip's Christian College	Fogg, Alexandra	C
Charlestown	Merewether High School	Grosz, Bianca	B
Dubbo	Dubbo Senior Campus	Gupta, Lekha (f)	C
Raymond Terrace	Bishop Tyrrell Anglican College	Jones, Prudence	C
Newcastle Enterprise	Hunter Valley Grammar School	Larkin, Siobhan	A
Mudgee (& Mudgee Sunrise)	Mudgee High School	McGonigle, Cassandra	C
Newcastle Sunrise	Lambton High School	Min, Nicholas	A
Maitland Sunrise	Hunter Valley Grammar School	Parker, Jake	A
Muswellbrook	The King's School	Sheppard, Sam	C
Dubbo Macquarie	Dubbo Senior Campus	Smith, Izaac	C

Sessions A and C will be held in Canberra, based at the ANU, during the first and second halves of January, 2011, respectively.

Session B is way across in Perth, which offers such avenues as marine biology.

During the February/March period next year these returning NYSF'ers will be happy to address your club members and their schools to help to spread the word about this program, which has been running for over 25 years nationally.

Youth Directors and Secretaries, keep an eye out for the annual information package about NYSF. It contains fliers, brochures and a CD-ROM. Similar packages are mailed to every high school in Australia, so the time to make contact with your schools is early February.

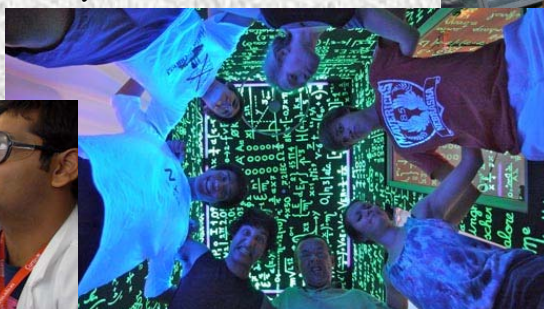

Further information about this program is available on line at nysf.edu.au.

Annual Rotary Foundation Seminar
Dubbo Sunday 7 November
Singleton Sunday 14 November

The mission of The Rotary Foundation is to enable Rotarians to advance world understanding, goodwill and peace through the improvement of health, the support of education, and the alleviation of poverty. The Foundation does this by making funds available for the humanitarian work carried on by Rotarians.

The Brenton Carey Hostel for Girls

In July 2009, The Rotary Club of Karachi Sunset Millennium took on the task of renovating and improving the living conditions at the Brenton Carey Hostel for Girls, a home for approximately 100 young girls between the ages of 7 to 20 years, all belonging to the underprivileged community of Karachi.

The work was made possible through a Matching Grant involving the Rotary Club of Karachi Sunset Millennium D3270 and the Rotary Club of Cessnock D9670. Locally D9670 Clubs have carried out humanitarian work in their local communities with the aid of Foundation Funds through the District Simplified Grant Program.

At the Rotary Foundation Seminars you will learn about the workings of the Foundation. You will learn how to apply for Rotary Foundation Funds either through a Matching Grant or a District Simplified Grant. You will have a chance to practice how to complete an application form and to learn how to manage the grant process.

Information on venues, times and program for the seminars will be published next month, in the mean time don't forget, although the District has some funds available for Grants more is always needed so keep the Foundation in mind in your fundraising. The District has control over how half of the funds raised are used, and these can be used in your local communities on humanitarian works. (100% of the funds raised if it involves a Matching Grant)

For information contact a member of the Rotary Foundation Committee, information in your District Directory.

What do you know about mental health?

In 2008, 2,191 Australians committed suicide. Over three-quarters of them were male. 103 were Indigenous Australians.

While suicide accounts for only a relatively small proportion – around 1.5% - of all deaths in Australia, its impact on specific age groups is great. According to ABS statistics, in 2008 24% of all male deaths aged 15-24 were due to suicide. Females did not fare much better, with the median age at death for females who died from suicide just 43.5 years.

From a population of 21.4 million, the numbers may seem small. However, around 6,400 Australians die each year from mental and behavioural disorders, well above the 1,400 deaths attributed to transport accidents. We all know the importance of road safety, but how much do we know about caring for someone who has or is developing a mental health issue?

According to Professor Anthony Jorm and his wife Betty Kitchener, not enough. "First Aid courses teach you how to deal with emergencies like someone having a heart attack, or getting bitten by a snake," says Tony. "However, these emergencies are not common. On the other hand, mental health problems and crisis situations like someone being suicidal are much more common," he explains.

To address this issue, Tony and Betty began running Mental Health First Aid (MHFA) courses as a community service activity. Now, Australian Rotary Health, in conjunction with Rotary Clubs around Australia, are running their own preventative mental health first aid workshops that aim to assist in providing support to community members who are at risk of or who are experiencing a mental health crisis.

By supporting Australian Rotary Health, you can make a difference to your community by helping fund essential programs. To find our more please visit our website at www.australianrotaryhealth.org.au or call 02 8837 1900 for more information. All donations over \$2 are tax deductible.

Club Recognition Records

The Parramatta Office of the Rotary Foundation has recently recognised that the records of Paul Harris Recognitions may not be accurate for every Club. They have requested that all Club Presidents and Secretaries check the Club Recognition Summary to make sure their Club's records are correct.

Club Recognition Summaries can be accessed by the Club President and Secretary on the Rotary International WEB site (www.rotary.org) provided they are registered for member access and their election to the position has been notified to RI. For those Presidents or Secretaries who are not registered for member access, as the District Foundation

Giving Chair I can access the Club Recognition Summary on your behalf and forward a PDF Copy to you.

PLEASE check the records of PHFs for your Club to save a potentially embarrassing situation. If you find an error please contact the Foundation Office in Parramatta (02 9635 3537)

Rotary District 9670 Hunter Homeless Club Challenge

Hunter Homeless Connect Day Opening doors for people in tough times

Homeless Connect Day is a one stop shop of service provision to the homeless and those at risk of homelessness.

Our aim with the District's help is to raise on behalf of Rotary a significant donation to this great cause by sponsoring DG Don Stephens (\$200 per club).

This initiative is now established as an annual event to assist vulnerable people living in and around the Hunter Region to access vital services in a single community setting and as such attracts major Hunter region media attention.

And it doesn't just help the cities homeless. Young people in particular move between country locations, where there is cheap accommodation but no work to inner suburban parts of Newcastle where there is work, but accommodation is very expensive and as a result the homeless cycle starts its familiar pattern, particularly among people with mental illnesses or alcohol and other drug issues

Need more information

Contact AG Peter Raynor 0416 082 270 and Scott Jarman 0404 969 473 or visit www.hunterhomelessness.org.au.

Could you spend one night in their shoes?

DG Don Stephens (9670) will to raise awareness of homelessness issues in our District and your club is invited to Sponsor our District Governor for just \$200

On the evening of Sunday 17 October 2010 (Anti-Poverty Week) the Newcastle and Hunter Homelessness Interagency Network will hold a fundraising 'Sleep Out' under canvas at the PCYC, Broadmeadow. This is the night before the second annual Hunter Homeless Connect Day, where over 1,500 people who are homeless or at risk are expected to attend. "There's a lot of support in the Hunter but it can be difficult to access, and so this event is bringing them all together."

Information will be presented to the people who most need it, about accommodation and housing, family services, legal and financial services, looking for work or study and Rotary will be there to help.

An onsite health centre will offer free haircuts, manicures, and the chance to participate in games of soccer, table tennis, boxing or gym sessions.

"A lot of Australians associate homelessness with the media stereotype of a middle-aged man with a flagon of wine covered in newspaper on a park bench. We don't have a large, visible street-sleeping population ... but we do have a lot of young people that couch surf. But the general population doesn't think of that as being homeless." The Australian Institute of Health and Welfare reports that of the 105,000 Australians homeless on any given night, the group most highly represented among the homeless are young women between 15 and 19 years old, "with one in every 50 women in this age bracket accessing services such as meals and showers."

From the desk of the Tim Holmes our District Attendance Officer, comes the figures from August.

From the Editor's Keyboard

Welcome to the 3rd (September) edition of the District Governor's Newsletter for 2010—2011.

This Month we have a few flyers that announce DG Don Stephen's Homeless Challenge, The fabulous "Light & Dark of Love" Cabaret Show at Cessnock, as well as a timely reminder of the PR Seminar at Singleton on the 13th of November.

I have a further request from "Travelling" Tim Holmes our District Attendance Officer who is still currently overseas in the UK, and still able to submit his monthly report from a steam powered PC. He needs the clockwork springs wound up every time he wants to process an Excel Spreadsheet. As you can see the above returns are still disappointing so please make sure your secretaries have them submitted.

Bal and Beres Dohnt, our District Bulletin Assessment Officers, have also reported they are not getting near enough "Weekly News Letters" for judging, and request they be sent a copy to the following email address, which appears in the District Directory.

Membership News

Welcome to the new Rotary year! We hope that this year your club will contribute to a Stronger Australian Rotary through continued efforts to build and enhance membership. District 9670 has a new Membership Committee that aims to continue the solid work done by the previous committee headed by Wilma Simmons. We hope to support clubs in initiatives to attract new members and to retain existing members.

You should already have access to some of the many membership resources available to clubs. Firstly, you should have received the *Club Membership Committee Manual* at the PETS and District Assembly days. This document, plus the *Membership Development Resource Guide*, *Club Assessment Tools*, *How to Propose a new Member* and the *New Member Orientation*, is available from the Rotary International Website under *Resources for Clubs*. Another useful resource for membership is Australian Rotary's *Membership on the Move* Zone 8 Newsletter. You can be placed on the email list for this by emailing Noel Trevaskis at n.trevaskis@bigpond.com and asking to be added to the list.

Your District Committee members are

Chair	Wendy Hawthorne (Rotary Club of Newcastle Sunrise) wendyhawthorn@bigpond.com (02 49555371)
Members	Bryn Hill (Rotary Club of Newcastle Harbour) Birgit Smith (Rotary Club of Mudgee Sunrise) Pam Wellham (Rotary Club of Wallsend-Maryland)

We look forward to working with you in the coming year.

Ideas for Membership

Is your club looking for new ideas to promote Rotary and to attract new members? Here is one successful project implemented by the Rotary Club of Wallsend-Maryland and reported by Pam Wellham.

Suitable premises were suggested, a business manager approached and flyers/emails circulated. As it was to be in early December the function was given a Christmas theme and drinks (alcoholic and non-alcoholic) and some finger food organised. Lucky door prizes were also organised (about 5). Attendees handed in their business cards as they entered and then there was a draw for the winners every ten minutes or so (about 15 minutes from the proposed start so early arrivals had a chance at two or three draws.

The speeches were brief. Rotary President, Nancy Truman spoke about club programs and invited people to come along to breakfast. The only other speech was by Rev Robert Catt who spoke about the Town Committee and its plans. Attendees were asked to introduce themselves.

The event was very successful and the club has now inducted six people from that function. These people came as club guests for two meetings and at their first meeting received sample bags about Rotary. If they attended further meetings they were asked to pay. The invitation to become a member came a little later. Further events were held in March and July at different venues in town.

Try-a-Trade

In raising the school leaving age to 17 years, the government has signalled a greater need for the community (parents, schools and local organisations) to better assist young people in planning for their careers. Try-a-Trade, supported by Rotary District 9670, is one strategy to provide an opportunity for 15-16 year olds to experience a variety of career options.

In 2009, in the Hunter area there were seven Try-a-Trade days, catering for 1525 students in 48 schools. Although each day is similar in its organisation with local trade and professional people providing a hands-on experience to groups of mostly Year 9 students, the involvement of the Rotary Clubs varies. Some clubs will be involved in setting up the venue, others clearing away at the end of the day, some in sourcing the presenters and others in undertaking the catering.

Rotary Clubs are encouraged to get further involved in the planned Try-a-Trade events for 2010, by contacting Liana Nadalin, Try-a-Trade Hunter Co-ordinator (0425 214 918) or Pam Wellham, Rotary Club of Wallsend – Maryland.

Liana has taken over from Maryka Gibson, Rotary Club of Maitland Sunrise. Maryka was the initiator and stalwart of the Try-a-Trade for many years but is now working fulltime for the NSW Department of Education and Training. A presentation was made earlier this year as a tribute to Maryka's commitment to the program. [Photograph: Maryka Gibson receiving her gift from DGN Janette Jackson.
