Message from District Governor

Sue Pearce

Dear D5690 Rotarians,

February is World Understanding Month

There could have not been a better time to hold our District Conference but during Rotary's February World Understanding Month.

Although our conference featured youth, we were touched by the Ukraine, Brazil, France, Belgium, Argentina, and Panama, not to mention the United States.

We were enlightened by Kayla Trunecek, who is serving with the Peace Corp in the Ukraine. With the civil unrest, she was uncertain if it would be safe to leave the country. She has come up through "the Rotary family" Interact, Rotaract, Youth Exchange, etc. She told us of the poor water conditions, as she is living in an area that was affected by Chernobyl. Imagine, when the tap water touches your skin, it stings!

Washing your clothing? Bathing? How lucky we are that our youth will serve in these areas.

Then, our Youth Exchange students, representing Brazil, France and Belgium. Each had a story and the education and stories they will take home. What an experience for them.

Next were the Rotary International Teacher Exchange (RITE) teachers, representing Argentina and Panama. They work in our

schools, exchanging ideas with our local teachers and learning new teaching methods they take home and share with other teachers.

Then finally all of us from the United States of America....isn't it wonderful that through Rotary we can enjoy and learn from people around the world and at the Marriott on East Kellogg!

The world became small this last weekend, but ever so wonderful.

Sue Pearce

President-elect Training March 7-8, 2014 Calling All 2014-2015 Presidents to Attend!

I want to encourage all Rotary Clubs in District 5690 to be sure their President Elects (PEs) get registered for the Presidents-elect Training Seminar (PETS) in Manhattan on March 7 and 8, 2014. There is optional training Thursday afternoon. A dinner has been arranged at Colbert's at the Grand Mere Golf Course Thursday evening for the leaders of our District and the PEs and those accompanying them.

This is a friendly reminder that PETS attendance is mandatory for a President to assume their duties as a President of their Rotary Club starting July 1. The registration link is www.heartlandpets.org.

NOTE: Participation in this training is required by Rotary International for all incoming Presidents. RI policy states that in those cases where a PE does not attend PETS training, whether in his/her own District or another District, then the current Club President remains in the Presidency role for 2014/2015).

Register for your hotel sleeping room right away—the sleeping room discounted rates expired on February 10, 2014, but there are probably still rooms available. You must make your own hotel reservations by calling the Four Points Sheraton 888-627-8649. Mention “Rotary” when you reserve your room.

PETS has been moved to Manhattan this year so we have the ability to have all training, meals and social events in one location. Come learn what other Rotary Clubs are doing.

We have also arranged an optional “get to know your classmates” dinner on Thursday evening, March 6 at Colbert's at the golf course. We will have a few preset simple meals with a cash bar. Details will follow and DG Martin Bauer will need reservations by March 1. Your spouse, companion or other leaders from your club are welcome.

Please let **DGE Martin Bauer** know if you have questions. Martin says, “I look forward to serving as your District Governor for 2014-15. I look forward to helping you “Light Up Rotary”—the Rotary theme for your year as President of your Rotary Club.”

Meet our PETS Speakers

You won't want to miss hearing these great speakers as part of your PETS experience

Gary Huang (Taiwan), RI President 2014-15—meet our incoming RI President and hear his message in a theme video.

Amana Wirtz, nationally renowned speaker and performer who studied as a Rotary Exchange student, now a Rotarian and former Naval Intelligence Cryptologic Analyst will speak and perform at our Friday evening banquet.

Helen “Bo” Morse: Bo will address the subject “**Natural Disasters—a planned response to the unpredictable**” in her talk on Friday.

Winnie Morgan: The title of her talk is “**Goose Language and Rotary.**” Winnie will be our closing keynote speaker and is not to be missed.

Dick Jones, Past District Governor from Santa Fe, NM will join the district sessions and speak on Membership as a special guest.

John Vandewalle: John's talk is titled “**Setting the Course: Stepping Out of Old Boundaries**” John is our Saturday morning breakfast speaker.

Nominating Committee Selects Dean Kennedy for District Governor 2016-2017

Dear Club Presidents,

I am pleased to announce that the District Nomination Committee has selected **Dean Kennedy** to be the District Governor for 2016-2017 (July 1, 2016 through June 30, 2017). Dean is from the Rotary Club of Winfield and has been a Rotarian for 23 years. Dean has also been the Chair of District 5690 RYLA camp forever and has served as Asst. Governor.

This is your official notice of the nomination committee selection. From now until **March 8th, 2014**, pursuant to Rotary Code of Policy, District 5690 clubs are allowed to submit other candidates that might want to "challenge" the nomination committee candidate with a candidate from their club.

Even though each club has had previous notice of the nomination process, this process allows clubs another process in the event that a club thinks their candidate would also be a good choice for district governor and equally qualified as the one selected by the nomination committee.

In the event there are no challenges by the end of the business day on March 8th, I will declare Dean Kennedy our District Governor candidate for 2016-2017.

Should you have any questions about the process, please do not hesitate to contact me or Phil Michel, our Nominations Committee Chair, phil_michel2001@yahoo.com.

SCRYE Winter Conference in Tulsa

Each year, the **South Central Rotary Youth Exchange (SCRYE)** hosts a winter conference in Tulsa, Oklahoma. This year's conference was held January 24 -26. At the conference, there were 196 foreign exchange students from 36 different countries. District 5690 Youth Exchange Officers **Erica Oglevie** and **Rod Kreie** attended the conference. At the conference, they attended sessions dealing with US Department of State regulations affecting exchanges and also attended sessions on how to attract host families. Difficulty in the ability to find host clubs and host families was a common theme amongst districts when discussing challenges for youth exchange officers. During the conference, the exchange students are hosted by a local Rotary family in the Tulsa area on Friday night, attend a banquet and perform skits that are relevant to their country on Saturday evening, and have a lock-in on Saturday night where they stay up all night and dance / mingle with all of the other exchange students that attend. Rod Kreie stated, "It's heartwarming to see all of these kids get together and get connected. If that doesn't promote world peace, I don't know what does!"

There are 38 Rotary Districts involved in SCRYE. Their board consists of a youth exchange officer from each district. They operate with a management committee. Rod Kreie is the treasurer for SCRYE and a member of the management committee. Erica Oglevie is the District representative that sits on the board.

This year, SCRYE handled a total of 238 inbound exchange students and sent outbound 211 students. Not all students in SCRYE make it to the Winter meeting for one reason or another. Rotary District 5690 sponsored 4 inbound exchanges this year – Australia, France, Belgium, and Brazil. Our district also sponsored 3 outbound students to Brazil, Australia, and India. There are districts that sponsor up to 30 inbounds and outbounds each year. There are also district that handle only 1 student each year.

If you or your club are not involved in Youth Exchange, you are missing a great opportunity to connect with others around the world. If you are interested, contact Rod Kreie, Erica Oglevie, the District Governor, Larry Rumburg, Bob Obee, Terri Weaver, or your Assistant Governor.

January 18 - February 15, 2014 (4 weeks)

Paz Alvarez
Buenos Aires- Argentina

Paz is participating in the RITE program to learn about a different educational system and by getting new strategies, techniques or ideas to use in the classroom with her students. She believes the experience will also allow her to grow and enrich herself as a person. Traveling always gives one the opportunity to meet new people and get to know more about their culture. Paz is anxious to learn more about the Rotary organization and activities of Rotary International and to be a representative of her Rotary District (4825).

Lucía Gabriela Baigorri Haüen
Buenos Aires- Argentina

Lucía values team work and plans to test her English language skills in a total immersion context with many people while in the US. Lucía hopes her participation in the RITE program will provide interactions and cultural aspects that permeate lifelong learning so she can become a Rotary ambassador between the two countries. Her goals as a RITE teacher include working together with other teachers in order to learn about other ways of approaching the teaching of a second/foreign language. She wants to explore the aspects of daily and school life that are not readily available in more traditional sources of learning (e.g. textbooks, the Internet, etc.)

Cristhian Mora
David, Chiriquí, Panama

Cristhian expects his experience as a RITE teacher to help him become skilled at many strategies, approaches and methodologies to help serve students who want to become teachers of English. Cristhian anticipates that his RITE experiences will help him build a program where he can assess other Panamanian teachers so that a general change in the teaching of English as a second language may be improved and progressively maintained and renewed throughout his region and perhaps in all of Panama. Cristhian's personal goals include; learning new teaching strategies, approaches and methodologies in order to become a successful English teacher in Panama. He would also like to improve his own language skills by experiencing the language in a natural and contextualized environment so that it would be possible for him to efficiently perform his professional daily tasks.

Cecilia Sanz
Buenos Aires, Argentina

Cecilia's personal goals in the RITE program include; to learn from the experience as a RITE teacher so she is able to incorporate the experiences in her future as a teacher of English. She wants so interconnect her culture her roots with others. She wants to provide students with the tools for them to get better results in the target language. Cecilia loves languages and books. She became a Translator after graduating from University. Also began to study to become a teacher while working. She hopes to complete her studies to become a teacher of English by 2017. She is motivated to act as a cultural Rotary ambassador and interacting with another culture.

Isita Carrasco
David, Chiriquí, Panama

She wants to participate in the RITE program for the exceptional opportunity she will likely have that will allow her to increase her professional skills. She is anxious to learn methodologies and language teaching strategies to apply, familiarize and adjust to best serve her students. Her goals for the RITE program include the opportunity to enhance her professional and social life while becoming involved with other teachers and students. She plans to share her experiences with her teacher colleagues. She is especially interested in teaching methodologies, techniques, and resources. She wants to draw from her experiences in order to advance her teaching opportunities. Isita has traveled to US and participated in an Intensive English Program at Georgia State University for 6 months.

Betty De Gracia
Algarrobos, Chiriquí, Panama

Betty is using her RITE experience as an opportunity to learn about the US culture and the English language so she can share with her colleagues upon her return. She wants to learn new methodologies and effective strategies so her processes for teaching English may improve. She knows that children learn English in different ways and she wants to learn the most effective techniques. Betty enjoys planning and executing volunteering opportunities. She spends time every year organizing Christmas parties for poor students in indigenous Indian areas in her part of her country.

February is World Understanding Month in Rotary

"If we are going to live at peace with one another, we need to learn to accept each other's point of view", a speaker observed at a Peace Forum sponsored by Rotary International.

February is **World Understanding Month**, a good time to see how many ways we can put this advice into action.

Some possibilities: Expose yourself to political viewpoints and cultural tastes different from your own; learn a foreign language; get involved with the Rotary Foundation grants and scholarships, Youth Exchange and RITE programs; host an overseas student in your home; serve on the club or district International Service Committee.

Citizenship Naturalization Ceremony

Most Americans have no idea how hard it is to become a citizen and what a great achievement it is for those who are able to obtain it.

Thanks to the **Rotary Club of Wichita**, more than 1,000 people attended a United States Citizenship Naturalization Ceremony where 88 new citizens from 36 countries became U.S. citizens. The ceremony was unusual in that naturalization ceremonies are held in smaller venues with limited seating.

The featured speaker was Dr. Neeli Bendapudi, Dean of the University of Kansas, who is herself a naturalized citizen herself. It was a moving experience for all. Congratulations to all who made it happen and especially to those who join us as citizens of this great

US commits \$205 million to polio eradication

President Barack Obama signed an omnibus appropriations bill in January that provides \$205 million to support polio eradication in 2014, through the U.S. Centers for Disease Control and Prevention and U. S. Agency for International Development.

The largest government donor to polio eradication, the U.S. has contributed more than \$2.3 billion since the mid-1980s, when 125 countries were polio endemic and the disease afflicted 350,000 people annually. Today, only Pakistan, Afghanistan, and Nigeria are endemic, and in 2013, the combined incidence of polio in those countries fell to a record-low 157 cases. Last month, India reached a three-year milestone without polio, paving the way for the en-tire Southeast Asia region to be certified free of the disease.

"Eradicating polio will leave a lasting legacy of health care infrastructure, experience, and expertise that is already being used to benefit a broad range of global public health efforts," says James Lacy, chair of Rotary's Polio Eradication Advocacy Task Force for the United States and past president of Rotary International.

The task force leads Rotary's efforts to inform the U.S. government and other funding sources of the urgency and benefits of supporting the Global Polio Eradication Initiative (GPEI).

One of Rotary's chief responsibilities in the GPEI is advocacy. In addition to contributing more than \$1.2 billion to the initiative, Rotary has helped secure over \$9 billion from donor governments since the GPEI was launched in 1988.
