## ENJOY THE FOOD AND CULTURE

The Yucatan Peninsula is a world class tourist destination. From the beaches and first class hotels of Cancun, to the Mayan ruins near Merida and Villahermosa, to the natural wonders of the peninsula.

The food is also a fabulous combination of Mexican and Mayan cuisine. The Yucatan is surrounded by oceans, thus fresh fish, shrimp and oysters abound. You will love the food!

## ENJOY THE HOSPITALITY

Past club president Juanita Rubelo is in charge of our RFE and she invites us to her wedding in Villahermosa. Juanita is involved in district youth activities, so many Rotarians from all over the district will join the celebration. PDG David Gonzalez owns a hacienda (colonial style ranch) in Merida and he invites us to stay as long as we like. DG Victor lives in Cancun and the RFE chair is from Cozumel, so expect good hospitality there.

If you come on this exchange be prepared to be hosted royally, surprised at the cultural diversity, captivated by the natural wonders, of D4195. It's an experience you will never forget.
