Rotary Awareness Month

Vol. 4 Issue 26, 22nd January, 2015

President's Message

A clever little verse was intended for promoting retail sales, but it has application to Rotary as well, especially in this month of Rotary Awareness. ***He who whispers in a well About the things he has to sell Will never earn as many dollars As he who climbs a tree and hollers.***

Just as the successful salesman must communicate his message, Rotary will reach out to more people if we polish our own communication – if we increase Rotary Awareness of our mission by better informing members and non-members alike. For much of Rotary Global History, our service activities were "whispered in a well." The world knew little of our humanitarian and educational programs, and even Rotarians were largely unaware of the scope of activities of our own organization.

Rotary has a mission, but Rotary also has a message. And both the mission and the message can be summarized in a single word – Service. Creating Awareness of that service function is called Public Relations, and it starts internally, with new member orientation, meaningful induction, and mentoring in the early months of membership. It continues with Rotary Information programs, keeping even longtime members informed about the scope of worldwide membership, fellowship, and service.

This "internal" public relations strengthens Rotary Awareness within our own ranks. Public relations become "external" when we inform the public about Rotary. If we don't tell them, they won't know that Rotary provides more international scholarships than any other organization. If we don't tell them, they won't know that Rotarians contributed more than a half-billion dollars toward the polio eradication campaign, and that it has been Rotary manpower that delivered the vaccine to the most remote parts of the earth. If we don't tell them, they won't be aware of Rotary's world peace efforts through the Rotary Centers for International Studies in Peace and Conflict Resolution. At the local level, Rotary Clubs sponsor community projects that serve important needs.

If we don't make those services known, their benefits cannot be fully realized. And if we don't tell the local public about Rotary, our new-member recruitment is handicapped. Public Relations is not just the job of a designated chairman and committee. Every Rotarian represents Rotary, and it's the job of every dedicated Rotarian to Create Rotary Awareness.

The Object of Rotary

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular to encourage and foster:

First:

The development of acquaintance as an opportunity for service

Second:

High ethical standards in business and professions, the recognition of the worthiness of all useful occupations and the dignifying of each Rotarian's occupation as an opportunity to serve society.

Third:

The application of the ideal of service in each Rotarian's personal, business and community life.

Fourth:

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional persons united in the ideal of service

The 4 way test

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendship?
4. Will it be beneficial to all concerned?

The Grace

For what we have received and are about to receive, may God make us truly thankful and ever mindful of the needs of others.
Amen.

ABOUT THE MONTH OF JANUARY

January is Rotary Awareness Month – a time to learn more about our organization, and a time to focus on our public image. Raising awareness of Rotary is an important part of what we do as clubs and members. The more Rotary is known for its good work, the more good work Rotary will be able to do.

This is a special time not only to promote awareness of Rotary in our communities but it is also the time to highlight the need for awareness among the members of our Rotary Clubs – the need for Rotary information. In the celebration of Rotary Awareness Month, Rotary – its history, programs and structures – is ours to explore. There is no doubt that our Rotary Clubs will be greatly enhanced by increasing their knowledge about Rotary. It is essential that Rotarians be kept informed of the changes and developments in the array of Rotary programs if they are to take full advantage of the service and fellowship opportunities available to them.

Celebrate Rotary Awareness Month by training members on Rotary history, programs, or how to raise awareness of your club's projects in your community. Or, ask members to share a personal story or experience that they have had because of Rotary. Every Rotarian has a Rotary story that can be educational and inspiring. One easy way to increase Rotary Awareness is to always wear your Rotary pin. You can then share the Rotary story when people ask about the pin you are wearing. The beginning of a new year is a good opportunity to renew inspiration for the rest of the Rotary year.
