EVANSTON, Ill., Aug. 25, 2020 /PRNewswire/ -- Rotary and its partners in the Global Polio Eradication Initiative (GPEI) are proud to announce an historic public health achievement as the World Health Organization's African region is now certified wild poliovirus-free.

What is so important today about Mongolia? Minerals! It is an important repository such ores as copper, coal and gold, and mining is a booming industry. Canadian, Chinese, German, Australian and Russian firms have started mining concessions there.

Our Rotary-United Nations Partnership & The Power of One

By: PDG Doug Vincent, D7080 ON Canada
UN Representative, UNAC Zone 24

PARTNERS IN PEACE

Rotary

“Rotary Roots Run Deep at the United Nations,” says PDG Doug Vincent, who will be our keynote speaker via Zoom 6:30 pm (EDT) on Tuesday, September 8, 2020.

He will be sharing Rotary’s role as a founding contributor to establishing the United Nations. In this 75th Anniversary Year, Rotary can be proud, having a most senior status at the UN. “Many do not know of our important role in promoting International Understanding and World Peace, through the UN,” says Doug. “In addition to 49 Rotarians at the Charter Meeting in 1945, a Rotarian who wrote the first draft of the UN Charter and three members negotiated the land deal for our UN headquarters in New York city.”

Join us next Tuesday to learn more about the history and important role Rotary has played, and how Rotary’s work continues through our six areas of focus and TRF programs, closely aligned to help achieve the United Nations SDGs (Sustainable Millennium Goals) for a better world.

All members:

I have cancelled the AUTO Deposit option for e-transfers but you can do INTERAC e-transfers for Happy Bucks and Dues etc.

Why cancel Auto-Deposit ?

- In auto deposit, payee is same (john.izard@bell.net) but it does not require that you generate a security question when you issue/ transfer money. It did go automatically directly into our Club's RBC Administration (General) account which was nice but ... the problem is the bank statement doesn't show your name (I do receive a warning automatic email that you have made a deposit but this is only a separate email.

Switching back to INTERAC system

- By cancelling the auto-deposit, you default to INTERAC system where again my email address is PAYEE (john.izard@bell.net) and it will ask you to come up with a security question and answer. I MUST get it correctly to avoid rejection (and would likely create an NSF equivalent rejection fee to you). **As such, can you please standardize your security question and answer as follows:**

Security Question = what is our club name?

Answer = **Heartlake** (exactly in this form including capitals (1))

The cost is no different (usually included in your monthly bank account fees) but your name shows up on the banking statement making my life, Lynda Noll's and Carol MacMurchy's far simpler for tracking..
