

Rotary Club of Burlington Central Annual Poinsettia Sale

Members of the Rotary Club of Burlington Central will again be selling poinsettias and using these funds to support local charities and organizations. This year our club has made significant contributions to the Burlington Food Bank, Joseph Brant Hospital Foundation, Carpenter Hospice, Next Door Social Space, Special Olympics, School Breakfast programs as well as support for individuals in need in our community. A portion of these sales will be used to provide gifts and seasonal food items for local families and their children.

Our poinsettia plants are purchased from a local grower and are of the highest of quality. Purchased plants are delivered to your home or workplace on one of two dates:

Thursday, November 22 and/or Thursday, December 6
We thank you for your support!
