

2024 -2025 Community Grant Application

Please read below guidelines. If you meet the criteria, please complete the following form and save it to your computer. Once saved please attach it an email and send to funding@trilliumrotary.org.

Deadline for applications will be Friday, November 1st.

Decision will be made by Mid December.

Rotary Club of Guelph Trillium Community Allocations Committee Guidelines for Awarding Funding

The following criteria are intended as guidelines, although there could be definable reasons to justify grants that are outside the guidelines.

1. Non-profit organizations are eligible for funding. Individuals may receive funds but only under exceptional circumstances.
2. Funding should provide a local community benefit.
3. A specific need or purpose must be clearly identified in the request, with sufficient detail to enable a proper evaluation by the committee.
4. Preference will be given to requests for capital or seed money. Requests for operating funds will be given lower priority.
5. Preference will be given to broader-based community needs and benefits.
6. Consideration will be given to organizations that have limited fundraising ability.
7. Support will not normally be given for travel expenses.
8. Funding commitments will normally be for a one-year period only.
9. Multiple-year funding will be at the discretion of the Allocation Committee and will not exceed more than three consecutive years, at which time a subsequent application will need to be submitted.
