ROTARACT CLUB

The University of Guelph Rotaract Club is a non-profit organization affiliated with Rotary International for youth professionals in Guelph that strives to serve the community on a local and international level.

We participate in local volunteering, professional development activities, and social events. By following the Rotary International motto of "Service Above Self" we raise funds for both international and local committees by donating our time and efforts in order to support those causes.

WYNDHAM HOUSE

At Wyndham House, we believe in the potential of every young person. With compassionate, wraparound support and creative persistence, we address the unique needs of youth to help them achieve their own vision of success.

Our new foster care program will provide youth in need with a safe, nurturing environment where they can thrive. Through meaningful, high-quality care, we'll help them build strong connections, overcome obstacles, and create a brighter future.

Join us in giving these youth the opportunity to heal, grow, and connect!
