

Children's Help for

Uganda

Higher Education will lead to sustainability
for the people / community.

Michael & Sharon with Family

Uganda Directors CHFU.org, staying in Uganda to help with the situation.

Michael & Sharon with Family

4 Children of their own

Jinja, is very close to lake Victoria in Uganda, about 2 hour from major Airport in Entebbe. It is a safe haven for the unstable neighbouring countries which have experienced Violence, Genocide, Drought, Lack of opportunity.

Kenya and Rwanda boarder Uganda, These are Hot dry areas with poor economic activity. Uganda has Been impacted greatly by Hiv/ Aids and the orphaned children are suffering every day.

Uganda age structure

As of the beginning of 2017 according to our estimates Uganda had the following population age distribution

-  - percentage of population under 15
-  - percentage of population between 15 and 64 years old
-  - percentage of population 65+

In absolute figures (estimate):

- 20 418 581 young people under 15 years old (10 284 645 males / 10 133 526 females)
- 19 687 561 persons between 15 and 64 years old (9 919 340 males / 9 767 812 females)
- 847 737 persons above 64 years old (344 828 males / 502 499 females)

Uganda's Population is 40 Million 50% of the population is Under 15 years of age. Aids has decimated a generation in many areas.

There are an estimated 2.5 Million orphaned children, 1.2 million of them are Aids orphans, meaning both parents have died of Aids.

1 Grandmother, 11 children under the age of 12 yrs old
They give of what they have, bringing the children
into their tiny homes.
