

Fay Steel The Rotary Volunteer, by K.Arnold

You know Brian and Gordon and Jenna and Billy
David and Johnny and Shawny and Douglas
But do you recall
The most famous Rotarian of all?

Faye Steel the Rotary volunteer
Has a very giving heart
And if you've ever met her
You would say she was real smart

All of the other Rotarians
Used to plan fundraising events
They never let poor Faye Steel
Join them serving beer in tents

Then one fine September day
Brenda came to say
"Faye Steel with your eyes so bright
Won't you guard hole-in-one til twilight

Then how the Rotarians loved her
As they shouted out with glee
"Faye Steel the Rotary volunteer
You'll go down in history"
