

## **Brent Kalinowski**

CSWB Planner | CITY OF NORTH BAY

With a diverse background in policing and as one of the founders and architects of the original risk driven collaborative Prince Albert Hub model (Situation Table), Brent is known as one of the leading authorities in Community Safety and Well Being (CSWB).

Brent's policing experience and unique community safety perspective led to the founding of his own professional and independent practice, guiding and supporting a growing number of adopting CSWB models across Canada and in the United States in the last 10 years.

Now employed with the City of North Bay as the Community Safety and Well Being Planner, Brent is using his knowledge and professional experiences in advancing a collaborative CSWB plan in his home community.
