

# World Service Committee Presentation

October 7, 2013

# Rotary Foundation Mission

To enable Rotarians  
to advance world understanding,  
goodwill, and peace through  
the improvement of health,  
the support of education, and  
the alleviation of poverty

# Background

- North Bay Club has a rich history of supporting effective international projects that change lives of individuals and communities
- Rotary Int'l/Rotary Foundation – 6 areas of Focus:
  1. *Peace and conflict prevention/resolution*
  2. *Disease prevention and treatment*
  3. *Water and sanitation*
  4. *Maternal and child health*
  5. *Basic education and literacy*
  6. *Economic and community development*

Most of these are well reflected in the many projects supported in recent years.

Key themes of Partnership, Collaboration, Levering Additional Value, Sustainability and Effectiveness are also guide the contributions.

# WSC Committee

- Brown, Dr. Herbert
- Farrell, R. M. (Ron)
- Goulet, Bruce
- Hague, Sandra Co-Chair
- Kanmacher, Kim Avenue Director
- Peake, Ken
- Richardson, David
- Thacker, Colin
- White, William Co-Chair

# Clean Water for Peru Project

- Matching Grant Agreement between the Rotary Club of El Rimac, The Partners, Rotary Foundation of Rotary International.
- Total Contribution of \$63040.00 provided 574 Bios and Water Filters for the Lurigancho Chosica community on the eastern side of Lima, Peru.

Improved health for children & families through a sustainable solution.

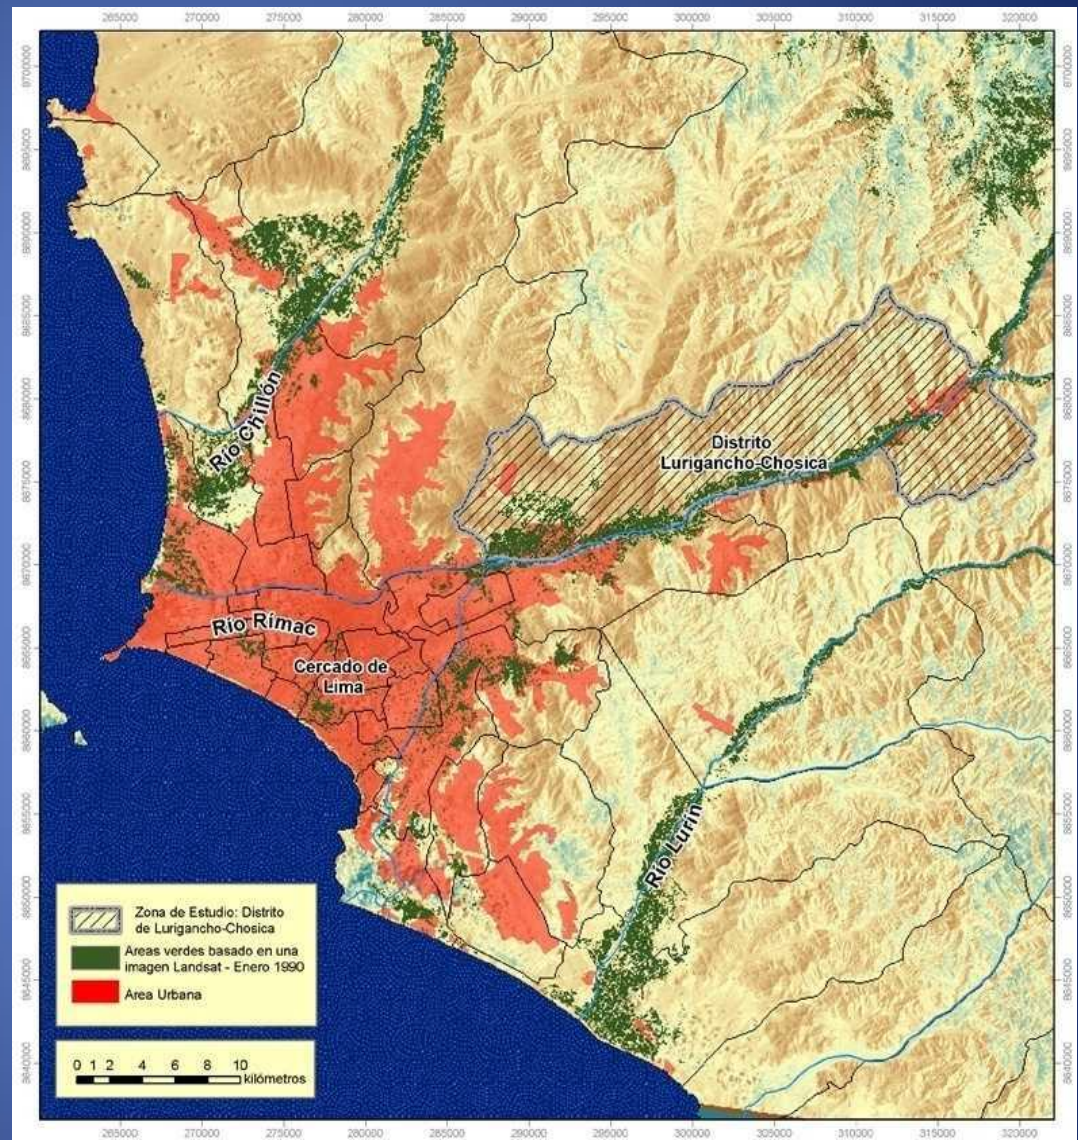

# CLEAN WATER FOR PERU

- ❑ OBJECTIVE: improve quality of life for thousands of people (mostly children) living alongside the Lima, Lurigancho/Chosica 'Rimac' river, where 5,000 BSF, Bio Sand water Filters are urgently needed .

# 5,000 filters for river Rimac's bank , Lurigancho/Chosica Districts

# Project location Lurigancho/Chosica

- Polluted water stored in wells, 30 ft from river, after being drained underground to homes.
- Inland communities buy water brought in by trucks from same river.
- Water stored w/bacteria, parasites, worms, frogs, and strange bugs.
- BSF now filters water at homes and is used for cleaning, cooking and other domestic chores.
- Result cleaner water, less children deceases and better quality of life for entire communities.

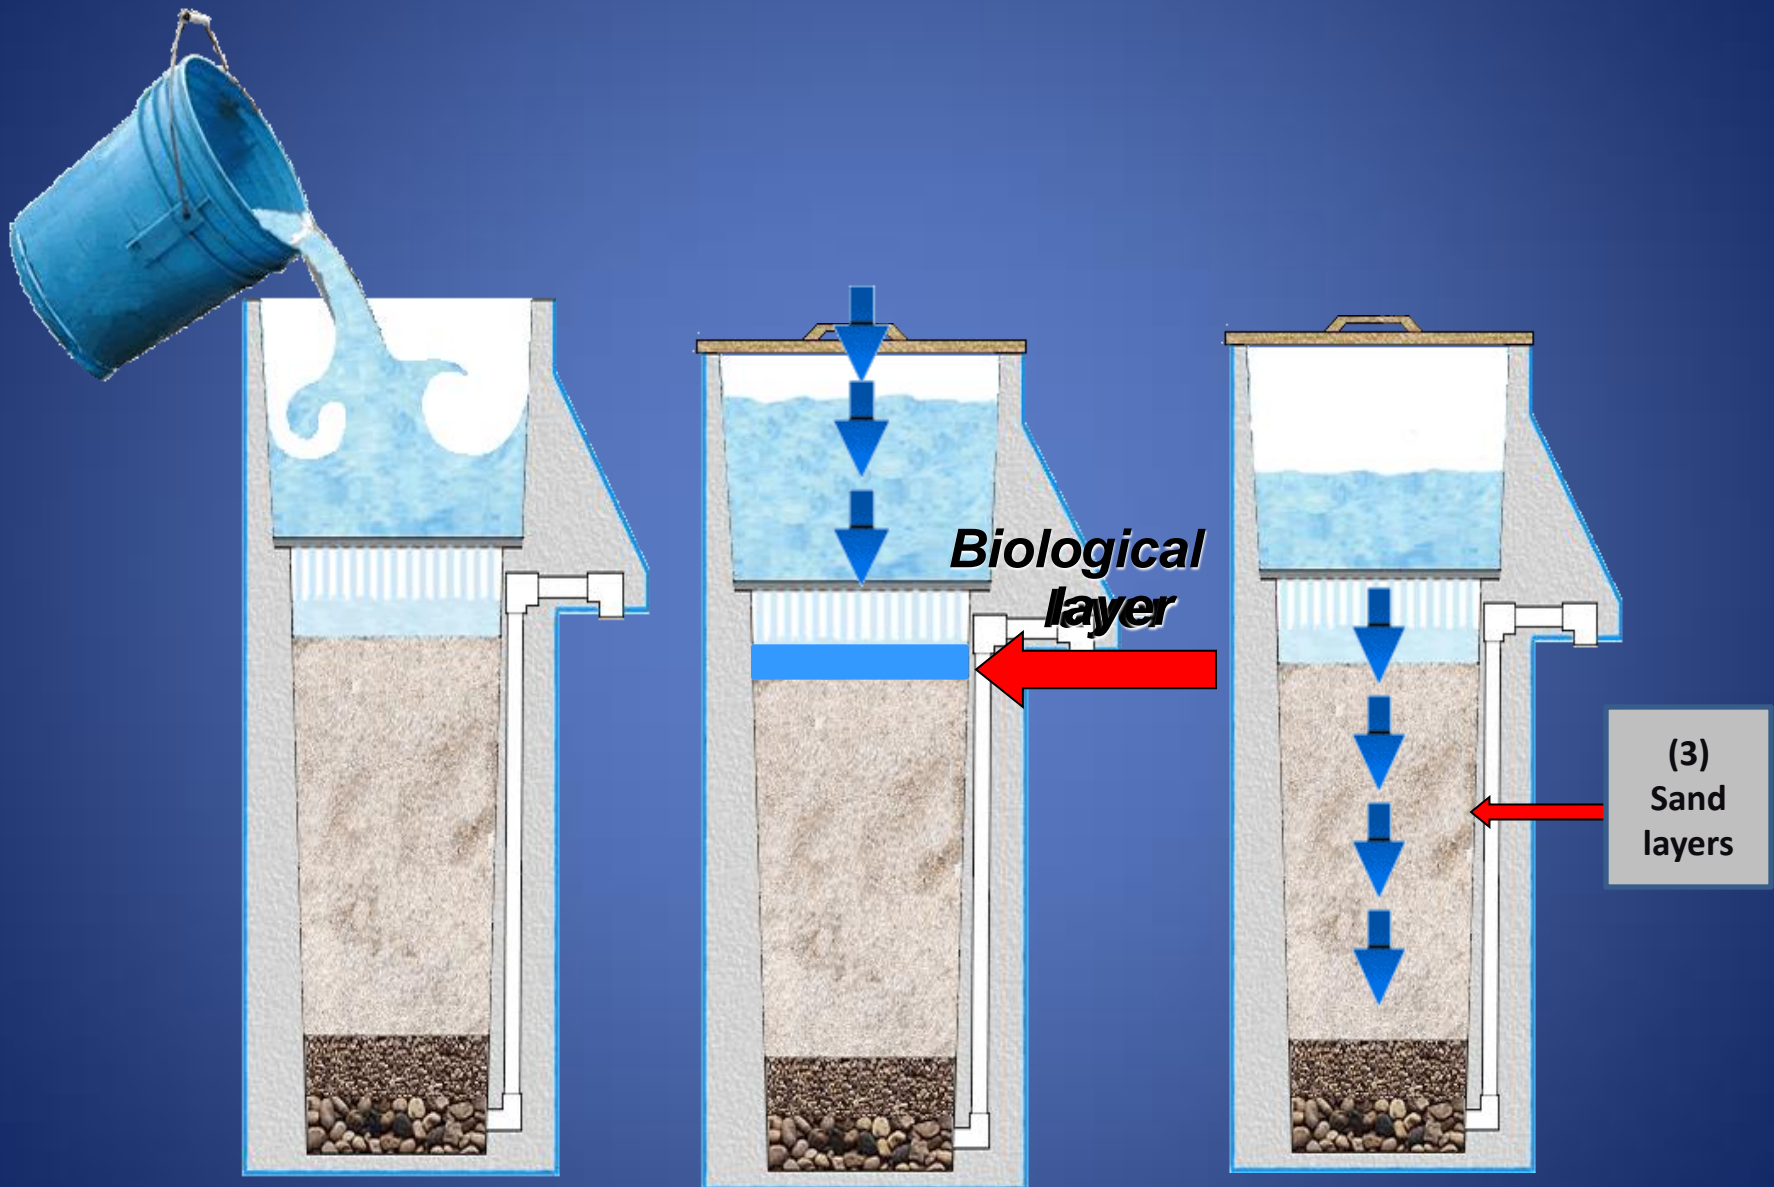

Community '27 de Junio'  
Homes located 30 ft from Rimac river shore

# TRAINING

- Filter project complemented with training, in health and hygiene basic usage and filters maintenance.
- Training in hygiene habits: washing hands, personal care, showering, clothes washing, have clean house. Special care handling waste, keep pigs and animals out of the kitchen, or the house.
- Field and lab results show reduction of 99.9 % Fecal Coliforms, Protozooids and Helmintos. Cleaner water and less children diarrheas

# Current Status

- Awaiting Completion of Final Reports and Conclusion of Phase I
- Phase II may commence in 2013-14

# Haiti Water Cistern

- the funding for this project
- Amount funded by 10 Rotary Clubs & 1 individual \$10,140.00 (28.8%)  
  
District 7010  
Funding \$10,000.00 (28.4%)
- Funding from TRF \$15,070.00 (42.8%)
- Total Cost of Project \$ 35,210.00

# Haiti Education/Literacy Project

- **Educational/Literacy Project in Jacmel, Haiti**
- This District 7010 project in the Jacmel area will set up a library in L'école Vie de France, supply a 350 student school in the mountains with text books
- set up a solar light near the mountain school as there is no electricity in the community.
- every \$ donated matched by \$2.21

# Project Title: Guatemala Literacy Project

# Description

The Guatemala Literacy Project matches Rotary clubs in North America with needy schools in Guatemala. These clubs raise funds to purchase textbooks, library materials and/or computers. Contributions typically range from \$1,000 to \$5,000. **100% of funds collected go to the hard costs of the project.**

Not a cent goes to administration or fundraising.

The project is implemented jointly by North American and Guatemalan Rotary clubs & districts and the Cooperative for Education (CoEd).

# Funding - Continued

# Outcomes

## **Measurable Results Statistics**

1. Average decline in drop-out rate after Textbook Project is installed 46%
2. Percentage of teachers who noted increased student participation as a result of the use of textbooks 97%
3. Percentage of students who claim the books made a significant positive impact on their ability to learn and retain information 90%
4. Percentage of teachers who use the textbooks to give homework assignments 97%
5. Percentage of teachers who say the GLP Textbook Program has changed their teaching methods for the better 85%

# Outcomes

## **General Project Statistics**

1. Rotary clubs that have contributed since project began in 1996 - 369
2. Schools that have GLP textbooks - 191
3. Percent of all rural Guatemalan secondary schools covered (approximate) - 10%\*
4. Textbooks in circulation (approximate) - 128,600
5. Students benefiting from the Textbook Project - 29,265
6. CoEd-Managed Computer Centers - 30
7. CoEd-Assisted Computer Centers - 12
8. Students benefiting from the Computer Centers Project - 16,452
9. Schools that have Culture of Reading Programs (CORP) - 20
10. Students benefiting from the Culture of Reading Program (CORP) - 2,740
11. Libraries- 49
12. Total Rotary volunteers on trips to Guatemala - 174
