

salmon habitat restoration @telegraph townhomes

when:

March 3rd, 2018

9am - 12pm

where:

**1050 Telegraph Rd
Bellingham**

contact:

Hillary Pritchard

360.715.9170 ext. 1013

hillary.pritchard@hfhwhatcom.org

**Please dress for
outdoor work in wet
conditions. Check
weather reports in
the morning!**

Project support provided by the Whatcom
Community Foundation's Youth
Philanthropy Grant, The Bellingham Bay
Rotary Club, The Rotary Club of
Bellingham, and 4th Corner Nursery

Join Habitat for Humanity and the Nook-
sack Salmon Enhancement Association
to restore streamside salmon habitat
and to kick-start Phase 1 of the 52-unit
Telegraph Townhomes project.

Help pave the way for
up to 52 families in
our community to own
their own stable,
affordable home, all
while reducing impact on
the nearby salmon habitat!

We will start the day at 9am at 1050
Telegraph Rd. Parking will be available
across the street in the Unity church lot.
The NSEA will be leading groups, and
providing the necessary tools, gloves
and refreshments. Tasks will include
planting native plants, removing invasive
vegetation, covering plants with
protectors and mulching.

**We hope you will come join us for this
once in a lifetime project!**
