

**R**otary brings together people like you who want to use their expertise for good. People whose sense of responsibility inspires them to give back to their communities. At Rotary, we connect for good and form lifelong friendships in the process. Together, we empower youth, improve health, promote peace, and advance our communities in all corners of the globe. With 1.2 million members in more than 35,000 clubs worldwide, our global community's impact has never been greater—and it continues to grow.

**B**elonging to Rotary Club of Burlington provides members with an opportunity to give back to their community and connect with like-minded leaders of local business, professional, and civic organizations. People join the Rotary Club of Burlington for many reasons, including community involvement, personal development and professional networking. But perhaps the most important benefit is the satisfaction you gain from making a real difference for others.

Polio Eradication

Skagit Read Week

# WHAT IS END POLIO NOW?

Since Rotary and its partners launched the Global Polio Eradication Initiative in 1988, the incidence of polio has plummeted by more than 99.9 percent from about 300,000 per year to fewer than 10 in 2022. Today, polio remains endemic only in Afghanistan and Pakistan.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly three billion children in 122 countries from this paralyzing disease.

To sustain this progress, and protect all children from polio, Rotary is committed to continue working to keep countries polio-free. If all eradication efforts stopped, within 10 years, polio could paralyze as many as 200,000 children each year.

“

Together we see the world where **people unite and take action** to create **lasting change across the globe, in our communities, and in ourselves.**”
