

Accelerator Questions

Our Accelerator project allows us to fund innovative ideas that have the potential to yield more impactful results. We would like you to answer the 'Emergent Funding' plus the questions below to show how this innovative idea can bring about greater change. Should your application pass initial review, we will reach out to set up an in-person interview at your location. We will also contact you if we need more detail for understanding.

Please answer the following questions using no more than 3 pages, 1" margins and legible font

1. How is your idea innovative?
2. What gap does it fill?
3. Who are your competitors?
4. How difficult will the solution be to implement?
5. How long will it take before the solution, once implemented, can be repeated / expanded?
6. Are there examples elsewhere, where something like this has been done? Contacts?
7. Do you have all the staffing & skills necessary to achieve the goals?
8. Do you have all the necessary partnerships to achieve the goals?
9. What leverage in the community on our investment will we get?
10. Will you be getting grants from elsewhere? From whom?
11. What in-kind contributions are you also seeking?
12. Will there be revenue from participants or other community members?
13. Describe the expenses involved in this project?
