PEOPLE OF ACTION

Our club is a proud part of this community and of Rotary International. **Rotary is a global network of over 1.12 million members** who believe great things happen when dedicated minds come together.

We are community and business leaders representing diverse professions, experiences, and perspectives, united by a **shared desire to connect with others to address the challenges** affecting our community and communities worldwide.

Our club offers opportunities for our members—and those **interested in making a difference**—to get involved. Through meetings, social events, and volunteer projects, our members gain insight into the issues affecting our community and communities worldwide. **We partner with local, national, and global experts to exchange ideas** about potential solutions and develop action plans to respond.

In addition to these opportunities to serve, members can network regularly, often leading to lifelong friendships and valuable **business connections**.

MAKING A DIFFERENCE

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, and make our community and the world a more peaceful place.

We are working with various partners on the following projects:

- **Everett Parks** — in May, we do a planting and beautification project
- **Everett Museum of History** — Twice a year, we do grounds clean-up
- **Hands for Peacemaking** — We are committed to providing water and stoves in rural communities in Guatemala
- **Ending polio** — Rotary is proud to partner with the Bill & Melinda Gates Foundation, the World Health Organization, and UNICEF to end polio once and for all
