Welcome to the tenth Rotary TV Mega Auction, brought to you by the Rotary Clubs of Fonthill, Fort Erie, Niagara Falls, Niagara Falls Sunrise, St. Catharines, St. Catharines South, Welland and Rotaract Niagara.

YourTV has been producing various Rotary TV auctions in Niagara for over 38 years. Many hours of effort by their staff and volunteers go into this production. We appreciate the role they play in making this community broadcast possible.

We thank the Pen Centre for again providing space for our warehouse. This year, the warehouse is located on the west side of the Mall, between entrances 4 & 5. Additional storage space was donated by the Seaway Mall in Welland.

Computer systems to manage the auction are handled by Brian St. Hilaire of Grant Thornton (St. Catharines).

Rotarians Tawnya Hartford, Carolyn Mullin and Don Thorpe led the integrated marketing and communications this year, including this online tabloid. Rotarian Phil Kirwin of ChimpAgency created the digital tabloid.

A huge thanks to all the restaurants and food services and stores who all provided Auction 2018 with much-needed

coffee, snacks, meals, water, soft drinks and juices for the 24 hours of live broadcasting: Smokin' Buddha and Port Colborne High School

Many thanks to Serge Paquin of SkyComp Solutions, Brian St. Hilaire of Grant Thornton and Lyle Walker for their efforts in building and maintaining our computer hardware and database systems. This is our second year using an online bidding process. We thank Stephan A. Edelman of NewAce Corporation, for providing the expertise and technology for making this happen. New this year to the Auction is the Rotary Club of St. Catharines South and Rotaract Niagara. All eight Clubs, with their families and friends, pitch into make this event successful, and they are led by the Auction Steering Committee of: Dave Berry, Jim Craig, Jack Custers, George Darte, Darryl Day, April Feasby, Hugh Graham; Mark Holmes, Ryan Huckla, Annie Holtby, June Mergl, Flo Odding, Rick Radowsky, Vicky Rudachuk, Brian St. Hilaire, Don Thorpe and Dan Toppari.

Finally, thanks to all our donors who are so generous and our viewers and online participants who will bid and buy during Auction 2018. We could not do it without you!

ROTARY IS...

Rotary is a global network of 1.2 million neighbors, friends, leaders, and problem-solvers who come together to make positive, lasting change in communities at home and abroad.

Solving real problems takes real commitment and vision. For more than 113 years, Rotary members have used their passion, energy, and intelligence to take action on sustainable projects. From literacy and peace to water and health, we are always working to better our world, and we stay committed to the end.

Our motto: Service Above Self

For more than 113 years, our guiding principles have been the foundation of our values: service, fellowship, diversity, integrity, and leadership.

What we do

Rotary members believe that we have a shared responsibility to take action on our world's most persistent issues. Our 35,000+ clubs work together to:

- Promote peace
- Fight disease
- Provide clean water, sanitation, and hygiene
- Save mothers and children
- Support education
- Grow local economies

We see differently: Our multidisciplinary perspective helps us see challenges in unique ways.

We think differently: We apply leadership and expertise to social issues — and find unique solutions.

We act responsibly: Our passion and perseverance create lasting change.

We make a difference at home and around the world: Our members can be found in your community and across the globe.

We are community-builders

We collaborate with community leaders who want to get to work on projects that have a real, lasting impact on people's lives.

We are people of action

We connect passionate people with diverse perspectives to exchange ideas, forge lifelong friendships, and, above all, take action to change the world.

We are problem-solvers

Together, we apply our professional experience and personal commitment to tackle our communities' most persistent problems, finding new, effective ways to enhance health, stability, and prosperity across the globe.
