What is Rotary?

Rotary is an international organization of business and professional leaders united worldwide, who provide humanitarian service, encourage high ethical standards in all vocations, and help build goodwill and peace in the world.

We are 1.2 million neighbours, friends, and community leaders who come together to create positive, lasting change in our communities and around the world.

Rotary... It's NOT your grandfather's Club!

Are you a community leader who believes in service above self, building a better world for everyone, being part of a world wide family, curing a disease? All while having fun... then Rotary is for you!

Becoming a Rotarian connects you with a diverse group of professionals who share your drive to give back. Over a meal, coffee, or online, you'll:

- Discuss your community's needs and discover creative ways to meet them
- Expand your leadership and professional skills
- Catch up with good friends and meet new ones

The Welland Rotary Club is interested in learning about you, your talents, expertise and how you want to get involved in your community.
